EXECUTIVE SUMMARY

The Annual Estimates for Financial Year 2025/2026 have embraced a program-based format aligned with the County's vision of "Promoting an inclusive county with a sustainable high standard of living," prioritizing healthcare accessibility and affordability, improving road infrastructure, increased agricultural output and facilitating access to Early Childhood Development Education (ECDE) and vocational training among others. These initiatives are outlined in the CIDP for the period 2023-2027 and the ADP 2024.

Chapter one provides a summary of the resource envelope and overall expenditures for financial year 2025/2026. In addition, it covers the sector ceilings/allocations for 2025/2026, transfers to semi-autonomous entities and list of entities guiding appropriation of funds. Total shareable revenue is expected to be Kshs 6,991,962,159 with equitable share contributing 81%, own source revenue contributing 19% including A.I.A. as compared to kshs 7,044,687,183 for FY 2024/25. The negative growth in shareable revenues is as a result of re-forecasting of own source revenue.

Projected expenditures will be funded from these revenues with development allocation being 32% and recurrent expenditure projected at 68%.

Diversifying our suppliers , creating contingency plans and improving communication with suppliers will help us handle disruptions promptly. Additionally, implementing advanced supply chain tools will enhance inventory management, ensuring smooth operations despite logistical hurdles.
