## **FOREWORD**

It is my privilege to submit the Second Quarter Budget Implementation and Project Status Report of the County Government of Laikipia for the financial year 2025/2026, covering the period 1st July 2025 to 31st December 2025.

The report is prepared under section 166(4) of the Public Finance Management Act, 2012, which requires the County Treasury to consolidate the quarterly reports of all county government entities, submit them to the County Assembly, and deliver copies to the Controller of Budget, the National Treasury and the Commission on Revenue Allocation. It covers the County Executive.

The approved budget for the financial year 2025/2026 amounts to Kshs 9,217,137,326, of which Kshs 4,946,665,117 (53.67 per cent) is allocated to recurrent programmes and Kshs 4,270,472,209 (46.33 per cent) to development programmes. The allocation to development exceeds the floor of 30 per cent of the aggregate budget set by section 107(2)(b) of the Public Finance Management Act, 2012. Of that sum, Kshs 8,683,137,326 is the County Executive vote and Kshs 534,000,000 the County Assembly vote, whose execution the Assembly reports on separately.

In the period under review the County Executive received Kshs 3,385,233,492 into the County Revenue Fund from all sources and spent Kshs 1,799,003,593, of which Kshs 1,372,835,744 was recurrent and Kshs 426,167,849 development. Against the approved County Executive budget of Kshs 8,683,137,326 this is an absorption of 20.72 per cent, comprising 31.09 per cent of the recurrent vote and 9.99 per cent of the development vote.

The County Treasury acknowledges the effort made by accounting officers, departments and entities in executing the budget in the period, and remains committed to supporting them in meeting their financial obligations, to settling verified pending bills in line with the approved payment plan, and to observing the fiscal responsibility principles set out in section 107 of the Public Finance Management Act, 2012.

I invite the Honourable Members of the County Assembly to consider this report, and I welcome the guidance of the Assembly on the measures required to strengthen budget execution in the remainder of the medium term.

## INTRODUCTION

This is the second quarter county budget implementation status report of the County Government of Laikipia for the financial year 2025/2026, covering the period 1st July 2025 to 31st December 2025. It reports how the approved budget was financed and spent in the period, and what each department delivered with the money.

### Scope of the report

The report covers the departments and spending units of the County Executive. For each it sets out the budget approved for the financial year 2025/2026 the expenditure incurred to 31st December, 2025, the resulting absorption, and the performance achieved against the outputs and key performance indicators carried in the approved Programme Based Budget.

Expenditure is stated as the amount paid together with expenditure accrued but not yet paid, so that the figures reflect the full charge against each vote for the period. Absorption is computed as expenditure over the approved estimate for the vote.

The County Assembly vote of Kshs 534,000,000 is not included in the expenditure analysis in this report. The Assembly is a separate spending entity and reports on its own execution.

## OVERALL BUDGET OUTLOOK AND IMPLEMENTATION REPORT

The approved budget estimates of the County Government of Laikipia for the financial year 2025/2026 amount to Kshs 9,217,137,326, comprising Kshs 4,946,665,117 (53.67 per cent) for recurrent expenditure and Kshs 4,270,472,209 (46.33 per cent) for development expenditure. The budget is financed from the equitable share of revenue raised nationally of Kshs 5,640,962,159; own-source revenue of Kshs 1,351,000,000, comprising ordinary local revenue of Kshs 704,000,000, vocational training centre revenue of Kshs 21,000,000 and appropriations-in-aid of Kshs 626,000,000 collected under the Facility Improvement Financing Act, 2023; conditional and unconditional grants, including grants brought forward, of Kshs 1,220,744,139; the Emergency Fund balance of Kshs 42,174,310; and the County Revenue Fund opening balance of Kshs 962,256,718.

The departmental composition of that expenditure is analysed in the next part of this report and set out in full in the expenditure annexes.

## DEPARTMENTAL BUDGET IMPLEMENTATION ANALYSIS

This part reports, for each department and spending unit of the County Executive, the approved budget for the financial year 2025/2026 and the corresponding budget performance for the period under review, followed by the programme performance returned by the department against the outputs and key performance indicators in the approved Programme Based Budget.

### County Administration, Public Service and Office of the Governor

1. The department is responsible for the general policy and strategic direction of the County Government, for the coordination and management of county administration and its decentralised units, for the management of the county public service and its human capital, for public participation and civic engagement, for information and communication technology, and for public safety, enforcement and disaster management. Compensation of employees for the county public service is carried on this vote.

2. The strategic direction of the department is to:

- Provide efficient, effective and responsive service delivery across the county administration and its decentralised units.
- Manage county human capital effectively and strengthen performance management in the public service.
- Ensure public safety, effective law enforcement and timely response to emergencies.
- Involve members of the public in decision-making and in the ownership of county programmes and projects.
- Improve the connectivity and coverage of county ICT platforms.

### Financial performance report

3. In the financial year 2025/2026 the department's approved budget amounted to Kshs 3,739,804,576 for recurrent expenditure and Kshs 387,940,518 for development expenditure, a total of Kshs 4,127,745,094.

4. By the end of the second quarter the department's cumulative recurrent expenditure stood at Kshs 1,206,945,703 and development expenditure at Kshs -, a total of Kshs 1,206,945,703. This represents an absorption of 32.27 per cent of the recurrent budget, 0.00 per cent of the development budget and 29.24 per cent of the department's total budget for the financial year.

## Agriculture, Livestock and Fisheries

13. The department is responsible for crop development, livestock production, veterinary services, fisheries and aquaculture, agricultural extension and mechanisation, agribusiness and value addition, and the coordination of donor-funded agricultural programmes operating in the county.

14. The strategic direction of the department is to:

- Make agriculture a profitable business through increased agricultural and livestock productivity.
- Provide extension services and promote the use of modern agricultural technologies.
- Supply subsidised farm inputs and link farmers to markets.
- Strengthen food and nutrition security and build resilience to drought.

## Financial performance report

54. Settlement is made in accordance with the payment plan submitted to the Controller of Budget and in the order of priority set out in that plan. No new commitment is entered into without a confirmed budget provision and cash forecast, in line with section 149 of the Public Finance Management Act, 2012.

## CHALLENGES EXPERIENCED DURING BUDGET IMPLEMENTATION AND RECOMMENDATIONS

### 1. Delayed release of the exchequer by the National Treasury

Delays in the release of the equitable share have continued to affect the commencement and subsequent implementation of planned projects and programmes. The County Treasury recommends that the National Treasury adhere to the disbursement schedule approved under the County Allocation of Revenue Act so that planned activities can be implemented in a timely, effective and efficient manner.

## **2. Delayed enactment of the County Government Additional Allocations Act**

The delay in enacting the Act hampered the release of conditional grants and consequently delayed the execution of the activities they support. The County Treasury will continue to engage the National Treasury and the Council of Governors on the early enactment of the Act, and will sequence grant-funded activities to reflect realistic disbursement timelines.

## **3. Transition to the electronic Government Procurement system**

The roll-out of the electronic Government Procurement system and the difficulties encountered in onboarding have slowed procurement of goods, works and services, which in turn has delayed the commencement of planned projects and depressed absorption on the development vote. The County Treasury recommends continued capacity building of procurement, finance and user departments, and early engagement with the National Treasury and the Public Procurement Regulatory Authority to resolve the outstanding system issues.

## **4. Under-realisation of ordinary own-source revenue**

Collections from several ordinary revenue streams have fallen short of target, which constrains the transfers available to departments and consequently the level of expenditure that can be sustained. The County Treasury will intensify enforcement and compliance and strengthen the revenue department, and will pursue the recovery of long-outstanding land rates.

## **5. High level of revenue receivables**

Revenue receivables, which are almost entirely land rates, remain high. The County Treasury will pursue recovery through enforcement and through the automated system by which the county manages its receivables.

## **6. High level of pending bills**

The stock of pending bills continues to constrain the resources available for new commitments, and a substantial proportion is aged over three years. The County Treasury will adhere to the approved payment plan, complete the verification of the remaining bills and enforce the requirement that departments reconcile ongoing projects and obtain the confirmation of the Chief Officer, Finance before payment vouchers are transmitted to the County Treasury.

## **7. Wage bill pressure**

Compensation of employees continues to absorb a substantial share of available revenue, limiting the resources available for development and capital projects. The County Government will continue to manage the wage bill through a skills and capacity gap assessment, adherence to the approved staff establishment, and control of contract and casual engagements in line with section 74 of the County Governments Act, 2012, while observing the ceiling prescribed under regulations made pursuant to section 107(2)(c) of the Public Finance Management Act, 2012.

## **8. Use of manual payrolls**

A portion of personnel emoluments continues to be processed outside the prescribed payroll system. The County Public Service Board and the County Treasury will fast-

track the acquisition of unified personnel numbers for the affected staff and migrate all payroll processing to the system.

#### **9. Incomplete departmental returns**

Some departments did not return complete programme performance or project implementation information for the period, which limits the non-financial reporting in this report. Accounting officers are reminded that section 166(1) of the Public Finance Management Act, 2012 requires each of them to prepare a quarterly report for their entity, and the County Treasury will not certify a departmental return that omits performance against the approved indicators.

#### **10. Return of unspent balances to the County Revenue Fund**

Unspent balances from the preceding financial year are to be returned to the County Revenue Fund in accordance with section 136 of the Public Finance Management Act, 2012. The County Treasury will ensure that all spending units surrender unspent balances at the close of each financial year and that the surrender is reflected in the exchequer records.
