## **FOREWORD**

It is my privilege to submit the Fourth Quarter Budget Implementation and Project Status Report of the County Government of Laikipia for the financial year 2025/2026, covering the period 1st July 2025 to 30th June 2026.

The report is prepared under section 166(4) of the Public Finance Management Act, 2012, which requires the County Treasury to consolidate the quarterly reports of all county government entities, submit them to the County Assembly, and deliver copies to the Controller of Budget, the National Treasury and the Commission on Revenue Allocation. It covers the County Executive.

The approved budget for the financial year 2025/2026 amounts to Kshs 9,768,887,074, of which Kshs 5,049,274,954 (51.69 per cent) is allocated to recurrent programmes and Kshs 4,719,612,120 (48.31 per cent) to development programmes. The allocation to development exceeds the floor of 30 per cent of the aggregate budget set by section 107(2)(b) of the Public Finance Management Act, 2012. Of that sum, Kshs 9,213,687,074 is the County Executive vote and Kshs 555,200,000 the County Assembly vote, whose execution the Assembly reports on separately.

In the period under review the County Executive realised Kshs 9,197,248,109 from all sources and spent Kshs 6,288,162,335, of which Kshs 4,152,844,799 was recurrent and Kshs 2,135,317,536 development. Against the revised County Executive budget of Kshs 9,213,687,074 this is an absorption of 68.25 per cent, comprising 92.19 per cent of the recurrent vote and 45.34 per cent of the development vote.

The County Treasury acknowledges the effort made by accounting officers, departments and entities in executing the budget in the period, and remains committed to supporting them in meeting their financial obligations, to settling verified pending bills in line with the approved payment plan, and to observing the fiscal responsibility principles set out in section 107 of the Public Finance Management Act, 2012.

I invite the Honourable Members of the County Assembly to consider this report, and I welcome the guidance of the Assembly on the measures required to strengthen budget execution in the remainder of the medium term.

**CHIEF OFFICER, FINANCE AND ECONOMIC PLANNING**

County Treasury, County Government of Laikipia

## **INTRODUCTION**

This is the fourth quarter county budget implementation status report of the County Government of Laikipia for the financial year 2025/2026, covering the period 1st July 2025 to 30th June 2026. It reports how the approved budget was financed and spent in the period, and what each department delivered with the money.

### **Scope of the report**

The report covers the departments and spending units of the County Executive. For each it sets out the budget approved for the financial year 2025/2026, as revised by the supplementary estimates approved during the year, the expenditure incurred to 30th June, 2026, the resulting absorption, and the performance achieved against the outputs and key performance indicators carried in the approved Programme Based Budget.

Expenditure is stated as the amount paid together with expenditure accrued but not yet paid, so that the figures reflect the full charge against each vote for the period. Absorption is computed as expenditure over the approved estimate for the vote, or over the revised estimate where the supplementary estimates changed it.

The County Assembly vote of Kshs 555,200,000 is not included in the expenditure analysis in this report. The Assembly is a separate spending entity and reports on its own execution.

## **OVERALL BUDGET OUTLOOK AND IMPLEMENTATION REPORT**

The approved budget estimates of the County Government of Laikipia for the financial year 2025/2026 amount to Kshs 9,768,887,074, comprising Kshs 5,049,274,954 (51.69 per cent) for recurrent expenditure and Kshs 4,719,612,120 (48.39 per cent) for development expenditure. The budget is financed from the equitable share of revenue raised nationally of Kshs 6,104,082,008; own-source revenue of Kshs 1,351,000,000, comprising ordinary local revenue of Kshs 704,000,000, vocational training centre revenue of Kshs 21,000,000 and appropriations-in-aid of Kshs 626,000,000 collected under the Facility Improvement Financing Act, 2023; conditional and unconditional grants, including grants brought forward, of Kshs

1,852,060,274; the Emergency Fund balance of Kshs 39,182,843; and the County Revenue Fund opening balance of Kshs 415,447,998.

The departmental composition of that expenditure is analysed in the next part of this report and set out in full in the expenditure annexes.

## **DEPARTMENTAL BUDGET IMPLEMENTATION ANALYSIS**

This part reports, for each department and spending unit of the County Executive, the approved budget for the financial year 2025/2026 and the corresponding budget performance for the period under review, followed by the programme performance returned by the department against the outputs and key performance indicators in the approved Programme Based Budget.

### **County Administration, Public Service and Office of the Governor**

1. The department is responsible for the general policy and strategic direction of the County Government, for the coordination and management of county administration and its decentralised units, for the management of the county public service and its human capital, for public participation and civic engagement, for information and communication technology, and for public safety, enforcement and disaster management. Compensation of employees for the county public service is carried on this vote.
2. The strategic direction of the department is to:
  - Provide efficient, effective and responsive service delivery across the county administration and its decentralised units.
  - Manage county human capital effectively and strengthen performance management in the public service.
  - Ensure public safety, effective law enforcement and timely response to emergencies.
  - Involve members of the public in decision-making and in the ownership of county programmes and projects.
  - Improve the connectivity and coverage of county ICT platforms.

### **Financial performance report**

3. In the financial year 2025/2026 the department's original approved budget amounted to Kshs 3,739,804,576 for recurrent expenditure and Kshs 387,940,518 for development expenditure. Following the supplementary estimates approved during the year the revised budget stood at Kshs 3,811,886,957 for recurrent expenditure and Kshs 375,412,341 for development expenditure, a total of Kshs 4,187,299,298.
4. By the close of the financial year the department's cumulative recurrent expenditure stood at Kshs 3,518,589,574 and development

expenditure at Kshs 14,877,457, a total of Kshs 3,533,467,030. This represents an absorption of 92.31 per cent of the revised recurrent budget, 3.96 per cent of the revised development budget and 84.39 per cent of the department's total revised budget.

### Finance, Economic Planning and the County Treasury

- The County Treasury is responsible for the mobilisation and management of county resources, for budget formulation and execution, for accounting and financial reporting, for supply chain management, for internal audit, for economic planning, statistics, monitoring and evaluation, and for the administration of county

public funds established under section 116 of the Public Finance Management Act, 2012.

6. The strategic direction of the department is to:

- Ensure the efficient and effective delivery of financial and planning services.
- Plan, allocate, monitor and control county financial resources.
- Improve own-source revenue collection, administration and accountability.
- Provide assurance on the effectiveness of risk management, control and governance.
- Ensure integrated development planning, budgeting, monitoring and evaluation.

## Health and Sanitation

9. The department is responsible for the delivery of curative, preventive, promotive and rehabilitative health services, for public health and sanitation, for health infrastructure development, and for the stewardship of the county health system, including the level 4 and level 5 facilities operating under the Facility Improvement Financing Act, 2023.

10. The strategic direction of the department is to:

- Provide quality health services at an affordable cost to the residents of Laikipia.
- Strengthen health infrastructure, commodity security and human resources for health.
- Scale up preventive and promotive health, nutrition and community health services.
- Improve the governance, accountability and financial autonomy of county health facilities.

## Agriculture, Livestock and Fisheries

13. The department is responsible for crop development, livestock production, veterinary services, fisheries and aquaculture, agricultural extension and mechanisation, agribusiness and value addition, and the coordination of donor-funded agricultural programmes operating in the county.

14. The strategic direction of the department is to:

- Make agriculture a profitable business through increased agricultural and livestock productivity.
- Provide extension services and promote the use of modern agricultural technologies.
- Supply subsidised farm inputs and link farmers to markets.
- Strengthen food and nutrition security and build resilience to drought.

## Financial performance report

15. In the financial year 2025/2026 the department's original approved budget amounted to Kshs 17,498,370 for recurrent expenditure and Kshs 342,553,482 for development expenditure. Following the supplementary estimates approved during the year the revised budget stood at Kshs 29,500,000 for recurrent expenditure and Kshs 426,528,951 for development expenditure, a total of Kshs 456,028,951.

16. By the close of the financial year the department's cumulative recurrent expenditure stood at Kshs 29,195,701 and development expenditure at Kshs 409,578,884, a total of Kshs 438,774,584. ### County Assembly

49. The County Assembly is the legislative authority of the county. It is responsible for the enactment of county legislation, the approval of county plans and budgets, the oversight of the County Executive, and the representation of the people of Laikipia. Its approved budget for the financial year 2025/2026 is Kshs 534,000,000, comprising Kshs 531,501,082 for recurrent expenditure and Kshs 2,498,918 for development expenditure.

50. The Assembly prepares its own quarterly report on budget execution. Its expenditure is therefore not consolidated in the analysis above.

## PENDING BILLS ANALYSIS

51. The County Executive carried pending bills of Kshs 886,420,742 as at 30th June, 2026, comprising development bills of Kshs 379,414,467 and recurrent bills of Kshs 507,006,275. The ageing of those bills is set out below.

54. Settlement is made in accordance with the payment plan submitted to the Controller of Budget and in the order of priority set out in that plan. No new commitment is entered into without a confirmed budget provision and cash forecast, in line with section 149 of the Public Finance Management Act, 2012.

## **CHALLENGES EXPERIENCED DURING BUDGET IMPLEMENTATION AND RECOMMENDATIONS**

### **1. Delayed release of the exchequer by the National Treasury**

Delays in the release of the equitable share have continued to affect the commencement and subsequent implementation of planned projects and programmes. The County Treasury recommends that the National Treasury adhere to the disbursement schedule approved under the County Allocation of Revenue Act so that planned activities can be implemented in a timely, effective and efficient manner.

### **2. Delayed enactment of the County Government Additional Allocations Act**

The delay in enacting the Act hampered the release of conditional grants and consequently delayed the execution of the activities they support. The County Treasury will continue to engage the National Treasury and the Council of Governors on the early enactment of the Act, and will sequence grant-funded activities to reflect realistic disbursement timelines.

### **3. Transition to the electronic Government Procurement system**

The roll-out of the electronic Government Procurement system and the difficulties encountered in onboarding have slowed procurement of goods, works and services, which in turn has delayed the commencement of planned projects and depressed absorption on the development vote. The County Treasury recommends continued capacity building of procurement, finance and user departments, and early engagement with the National Treasury and the Public Procurement Regulatory Authority to resolve the outstanding system issues.

### **4. Under-realisation of ordinary own-source revenue**

Collections from several ordinary revenue streams have fallen short of target, which constrains the transfers available to departments and consequently the level of expenditure that can be sustained. The County Treasury will intensify enforcement and compliance and strengthen the revenue department, and will pursue the recovery of long-outstanding land rates.

### **5. High level of revenue receivables**

Revenue receivables, which are almost entirely land rates, remain high. The County Treasury will pursue recovery through enforcement and through the automated system by which the county manages its receivables.

#### **6. High level of pending bills**

The stock of pending bills continues to constrain the resources available for new commitments, and a substantial proportion is aged over three years. The County Treasury will adhere to the approved payment plan, complete the verification of the remaining bills and enforce the requirement that departments reconcile ongoing projects and obtain the confirmation of the Chief Officer, Finance before payment vouchers are transmitted to the County Treasury.

#### **7. Wage bill pressure**

Compensation of employees continues to absorb a substantial share of available revenue, limiting the resources available for development and capital projects. The County Government will continue to manage the wage bill through a skills and capacity gap assessment, adherence to the approved staff establishment, and control of contract and casual engagements in line with the County Governments Act, 2012, while observing the ceiling prescribed under regulations made pursuant to section 107(2)(c) of the Public Finance Management Act, 2012.

#### **8. Use of manual payrolls**

A portion of personnel emoluments continues to be processed outside the prescribed payroll system. The County Public Service Board and the County Treasury will fast-track the acquisition of unified personnel numbers for the affected staff and migrate all payroll processing to the system.

#### **9. Incomplete departmental returns**

Some departments did not return complete programme performance or project implementation information for the period, which limits the non-financial reporting in this report. Accounting officers are reminded that section 166(1) of the Public Finance Management Act, 2012 requires each of them to prepare a quarterly report for their entity, and the County Treasury will not certify a departmental return that omits performance against the approved indicators.

#### **10. Return of unspent balances to the County Revenue Fund**

Unspent balances from the preceding financial year are to be returned to the County Revenue Fund in accordance with section 136 of the Public Finance Management Act, 2012. The County Treasury will ensure that all spending units surrender unspent balances at the close of each financial year and that the surrender is reflected in the exchequer records.
