

REPUBLIC OF KENYA

COUNTY GOVERNMENT OF LAIKIPIA

3RD GENERATION CIDP 2023-2027 PUBLIC PARTICIPATION REPORT

NOVEMBER 2022

KENYA

INTRODUCTION

1.1 Introduction

The need for public participation is well stipulated in the various laws governing planning in the country. The Kenya Constitution 2010 article 201 calls for public participation in dealing with financial matters. The County government Act section 104 and 115 stipulates the need for public participation in County planning.

In this regard, the County Government of Laikipia conducted over 200 public participation at the sublocation level and four sectoral meetings from 18th to 27th October 2022. Over 25,000 people participated in the meetings where key development priorities were captured and documented.

1.2 Objectives

The ward public hearings on formulation of Laikipia 3rd Generation County Integrated Development (CIDP) 2023- 2027 Foras' aimed at realizing the following objectives:

- i. Hold consultations with members of public at the sub-location level on county development planning process.
- ii. Entrench public participation requirements and inclusivity in county development planning process.
- iii. Providing feedback and communication platforms to the citizenry
- iv. Identifying priority issues, programmes and social investment priorities for implementation in planning period

1.3 Methodology

The public hearings fora were mapped for all sub locations across the county and held from 18th to 27th October 2022. This was followed by compilation and consolidation of the reports from the 15 wards in the county.

1.4 Findings

The sub location based public hearings fora established the following 2023-2027 County Integrated Development Plan ward project proposals
