3. FOREWORD BY THE CECM FINANCE AND ECONOMIC PLANNING.

I am honored to present the Laikipia County Receiver of Revenue Reports and Financial Statements for the fiscal year 2023/2024, ended June 30, 2024. These statements have been meticulously prepared in accordance with the Public Finance Management Act of 2012 and adhere to the format prescribed by the Public Sector Accounting Standards Board (PSASB). As mandated by Section 163(4) of the PFM Act, these statements have been duly submitted to the Office of the Auditor General, the Office of the Controller of Budget, and the Commission on Revenue Allocation within the stipulated three-month period following the fiscal year's end.

In adherence to Section 149 of the PFM Act 2012, I affirm that the County Government of Laikipia has demonstrated exemplary public accountability by ensuring efficient, effective, and transparent revenue collection throughout the 2023/2024 fiscal year.

These quarterly and annual reports serve as critical tools in communicating Laikipia County's operational and financial performance to our stakeholders, facilitating informed decision-making and ensuring accountability for our public resources.

The Laikipia County Revenue Board remains steadfast in its commitment to fulfilling its responsibilities as outlined in the Public Finance Management Act of 2012, diligently preparing and submitting financial statements that accurately represent our county's financial position.

Laikipia County has shown resilience in its revenue collection efforts against a backdrop of challenging economic conditions. As per the Laikipia Statistical Abstract, our county's GDP stands at KShs 119,575 million. This economic base, while robust, has been subject to the same pressures facing the national economy.

According to the International Monetary Fund (IMF), Kenya's economic growth has been moderating in recent years. The IMF reports that Kenya's GDP growth was 7.5% in 2021, 5.4% in 2022, and is projected at 5.3% for 2023. The outlook for 2024 shows a slight improvement with a projected growth of 5.4%. These national trends have inevitably impacted our county's economic performance and revenue collection capacity.

For the fiscal year 2023/2024, we set a target of Kshs 1,475,000,000 for our own source revenue. I am pleased to report that we collected KShs 1,085,142,996, representing a realization rate of 74% of our target. This performance, while falling short of our goal, demonstrates significant effort in our local resource mobilization given the challenging economic environment.

A detailed breakdown of our revenue streams and their performance is as follows:

Total County Own Source Revenue	1,475,000,000	1,085,142,996	74%

These figures reflect our commitment to diversifying and strengthening our revenue base, which is crucial for sustainable county development, especially in times of economic uncertainty. Notably, our Hospital Fees, Advertising, and Market Fees showed strong performance, while areas such as Land Rates and Other Fines, Penalties, and Forfeiture Fees present opportunities for improvement.

Looking ahead to the 2024/2025 fiscal year, we maintain our target of KShs 1,475,000,000 for own-source revenue. While this target remains challenging given the current economic climate, we believe it is attainable through:

- (i) Further refinement and expansion of our automated revenue collection systems
- (ii) Enhanced compliance measures, especially in underperforming areas such as Land Rates
- (iii) Public education on the importance of revenue contribution
- (iv) Exploration of new revenue streams aligned with our county's resilient economic sectors
- (v) Strengthened partnerships with the private sector to boost economic activities
- (vi) Continuous capacity building of our revenue collection team

**Receiver of Revenue

We recognize the untapped potential in our revenue streams and are committed to implementing innovative strategies to bridge the gap between our current performance and our target.

By leveraging technology, enhancing compliance measures, and fostering a culture of fiscal responsibility among our residents and businesses, we aim to maximize our revenue collection despite the challenging economic environment.

In conclusion, while we acknowledge the economic headwinds we face, we remain committed to our fiscal responsibilities and the development of Laikipia County. Our consistent revenue target reflects both our ambition and our pragmatism. The County Government of Laikipia is focused on navigating these challenging times while laying the groundwork for future prosperity for all our residents.

4. MANAGEMENT DISCUSSION AND ANALYSIS.

(i) Performance

The Laikipia County Revenue Board has for the period ended 30th June 2024 achieved remarkable performance in its revenue collection by achieving more than 1 Billion Mark again.

(ii) Financial Performance.

The Laikipia County Revenue Board is pleased to report that we have made great strides in revenue collection in the financial year 2023/2024

Adequate Resources is the backbone of every development success of the Board, our strategic focus is to ensure effective and efficient in revenue collection so as to fund the budgetary requirements of the County Government of Laikipia.

Our revenue target for the financial year 2023/2024 was to collect a total of Kshs 1,475,000,000 to support the County development momentum.

*Receiver of Revenue
County Government of Laikipia
Revenue Statements for the Period Ended 30th June 2024.*

The County attributes this increase in revenues to; Expansion of the tax base, Automation of revenue collection processes that has facilitated cashless revenue administration, Collaboration between the revenue board and other departments in revenue collection, Expanding the staff establishment, building their competencies and ethics, Elaborate data collection and objective setting of revenue targets, Setting up an autonomous revenue board, Sectoral approach to stakeholder engagement and Enhanced service delivery.

The Board strategy has been to widen the revenue net horizontally rather than vertically meaning it does not need to increase fees and charges but rather have higher compliance rate. Despite the steady growth in revenue, citizens remain unburdened as no taxes or additional charges have ever been introduced.

It is on this backdrop that the Revenue Board has made every effort in terms of policy formulation and implementation that has translated to the enormous growth of our Own Source Revenue

Budget Execution Historical Performance and Outlook:

Laikipia County has continued to improve own source revenue year to year signifying an upward trajectory. For the period ended 30th June 2024 Laikipia County improved its own source revenue compared to previous year an indication that going forward the revenue will continue to improve. Key performance indicators include but not limited to better service delivery, level of compliance on payment of single business permits, liquor licences, cess fees, land rates, building plan approvals among others. Figure 1 below indicates a collection of Kshs 1,085,142,996 our own source revenue which signified a collection of against a set budget of Kshs 1,475,000,000.

5. STATEMENT OF RECEIVER OF REVENUE'S RESPONSIBILITIES

Section 166 (1) of the Public Finance Management Act, 2012 requires that, at the end of each year, the accounting officer for a National Government Entity shall prepare financial statements in respect of that entity. Section 166 (2) (b) requires the financial statements so prepared to be in a form that complies with relevant accounting standards as prescribed the Public Sector Accounting Standards Board of Kenya from time to time.

The Receiver of Revenue is responsible for the preparation and presentation of the receiver of revenue financial statements, which gives a true and fair view of the state of affairs of the receiver of revenue for and as at the end of the period ended on 30TH June 2024. This responsibility includes:

- (i) maintaining adequate financial management arrangements and ensuring that these continue to be effective throughout the reporting period,
- (ii) maintaining proper accounting records, which disclose with reasonable accuracy at any time the statement of assets and liabilities of the entity,
- (iii) designing, implementing and maintaining internal controls relevant to the preparation and fair presentation of the financial statements, and ensuring that they are free from material misstatements, whether due to error or fraud,
- (iv) safeguarding the assets of the entity,
- (v) selecting and applying appropriate accounting policies, and
- (vi) making accounting estimates that are reasonable in the circumstances.

The Receiver of Revenue in charge accepts responsibility for the entity's receiver of revenue accounts, which have been prepared on the Cash Basis method of financial reporting, using appropriate accounting policies in accordance with International Public Sector Accounting Standards (IPSAS) and relevant legal framework of the Government of Kenya. The Receiver of Revenue is of the opinion that the entity's receiver of revenue account gives a true and fair view of the state of entity's receiver of revenue transactions during the period ended 30th June, 2024, and of the Laikipia County Revenue Board statement of financial assets and liabilities as at that date. The Receiver of Revenue further confirms the completeness of the accounting records maintained, which have been relied upon in the preparation of the receiver of revenue account as well as the adequacy of the systems of internal financial control.

Total Receipts	1,475,000,000	1,475,000,000	1,086,896,496	74%

Reason for under realization.

- i) Low sand cess revenue due to inaccessibility/poor condition of the Nyk-Doldol road resulting in transporters opting for sand from Isiolo and the alternative of crusher dust
- ii) The target for property taxes was based on the expectation of implementation of valuation roll 2022 which was inadvertently delayed by non-validation and adoption by the Laikipia County Assembly on time.
- iii) A generally depressed economy resulted in low compliance and delays in payment of single business permits and related fees including public health as well as weights and measures. In addition, there were higher business closures as compared with new businesses during the year.
- iv) Property rent target was inclusive of expected collections from outstanding arrears of house rents. Inability to collect the arrears and the time consuming process of evictions and recovery of such debts led to the non-realization.
- v) At 66% achievement, parking fees were below target owing to delays in construction and marking of new parking slots in Rumuruti, Sipili and Wiyumiririe towns which had been expected to form part of the target.
- vi) Adverse weather conditions affected the realization of market fees due to low produce, market inaccessibility and produce prices.
- vii) An elaborate process of mapping all billboards, sign board and wall advertisements lead to a fairly favorable achievement of 87%. However, this is still work in progress and this is expected to improve in the financial year 2024/2025.
- viii) Laikipia health services is in the process of implementing a more effective and friendly process of issuing public health certificates outside of hospital premises. This was implemented in the last quarter of the financial year thereby not achieving the optimal expectation on public health fees.
- ix) An unforeseen decline in the construction industry due to rising costs of construction materials lead to a significant decline on expected revenues from building approval fees.
- x) The target for education fees from Vocational Training Centres was set with the expectation of introduction of new and relevant curriculum in the institutions which was not fully effected in the year.
- xi) The department of infrastructure to a large extent implemented the model of use of CGL assets for infrastructural works as compared to use of external contractors. This lead to unavailability of main county assets that were scheduled to be hired out including trucks, drilling rigs and other heavy earth moving equipment.

**Receiver of Revenue
County Government of Laikipia
Revenue Statements for the Period Ended 30th June 2024.**

- xii) Conservancy fees (garbage collection fees) are collected by the County Water Companies on behalf of CGL. In the year 2023/2024, ring fencing of revenues from NAWASCO for acquisition of a drilling rig affected the overall performance of this revenue stream
- xiii) The expected implementation of a County Court to litigate and enforce County legislations is yet to be fully functional thereby affecting realization of Administration, control fees and charge and other fines, penalties and forfeiture fees.
- xiv) A decline in the number of visitors, both local and foreign as anticipated adversely affected the revenue collected at Thompson Falls in the year. However, expected improvements and upgrading of the amenities within this facility is expected to significantly improve on the performance of park fees

11. SIGNIFICANT ACCOUNTING POLICIES

The principal accounting policies adopted in the preparation of these revenue statements are set out below:

1. Statement of Compliance and Basis of Preparation

The revenue statements have been prepared in accordance with and comply with International Public Sector Accounting Standards (IPSAS) with particular emphasis on Cash Basis Financial Reporting under the Cash Basis of Accounting and relevant legal framework of the County Government of Laikipia. The financial statements comply with and conform to the form of presentation prescribed by the Public Sector Accounting Standards Board of Kenya.

The financial statements are presented in Kenya Shillings, which is the functional and reporting currency of the entity. The accounting policies adopted have been consistently applied to all the years presented.

The revenue statements have been prepared on the cash basis following the standard chart of accounts. The cash basis of accounting recognizes transactions and events only when cash is received or paid by the entity.

2. Recognition of Receipts

The entity recognizes all receipts from the various sources when the related cash has been received by the entity.

3. Budget

The County Revenue budget is developed on the same accounting basis (cash basis), the same accounts classification basis, and for the same period as the financial statements. The County budget was approved as required by law. The original budget was approved by the County Assembly on 14th July, 2023 for the period 1st July 2023 to 30 June 2024 as required by law. There was one supplementary budget passed in the period. A high-level assessment of the County's actual performance against the comparable budget during the period under review has been included in these financial statements.

4. Cash and cash equivalents

Cash and cash equivalents comprise cash on hand and cash at bank, short-term deposits on call and highly liquid investments with an original maturity of three months or less, which are readily convertible to known amounts of cash and are subject to insignificant risk of changes in value. Bank account balances include revenue collection accounts held at Commercial banks.

5. Revenue in Arrears

This relates to revenue earned and is yet to be received or collected by the receiver of revenue. These arrears are disclosed under the statement of arrears as required under the PFM Act, 2012 Section 165 (2) (b) which is a memorandum statement.

6. Disbursements to CRF

The Receiver of Revenue has an arrangement for transfer of funds from its bank account to the CRF account. Total disbursements to the CRF are as a result of the transfer arrangement during the year.

12. NOTES TO THE FINANCIAL STATEMENTS

1. Cess

Description	FY ended June 2024.	Comparative FY ended June 2023
	Kshs	Kshs
Farm produce	19,182,730	17,568,224
Quarrying	52,928,666	40,434,950
Livestock	15,258,395	14,767,790
log cess	42,850	41,900
Slaughter fees	19,925,231	16,129,127
Total	107,337,872	88,941,991

Increase in cess was due to automation of revenue collection, increase in road construction and favorable weather condition that improved horticultural and grain produce.

2. Land rates

Description	FY ended June 2024.	Comparative FY ended June 2023
	Kshs	Kshs
Land rates	44,389,979	64,621,497
Land penalties and interest	6,943,306	1,230,419
Arrears	1,803,213	8,558,653
Total	53,136,498	74,410,569

There is decrease in land rates since more on arrears were collected in the previous financial year.

3. Single Business Permits

APPENDIX 2: PROGRESS ON FOLLOW -UP OF PRIOR YEAR AUDITOR RECOMMENDATIONS.

The following is the summary of issues raised by the external auditor, and management comments that were provided to the auditor.

Reference No. on the external audit Report	Issue / Observations from Auditor	Management comments	Status:	Timeframe:
1	Long Outstanding Arrears of Revenue	The Management have attached arrears register for the outstanding revenue as attached below.	Not Resolved	FY 24/25
2	Unsupported Land Rates .	We recognize that the Valuations roll is outdated but the assessment was done with 2 different valuation roll. The Land Rates for Laikipia West were assessed using valuation roll dated 2001 and Laikipia East valuation roll dated 2001.	Not Resolved	FY 24/25
3	Budgetary Control and Performance	As management, we acknowledge and take seriously the concerns raised regarding the variance between the budgeted and actual revenue collection. We have thoroughly reviewed the comparison of budget versus actual amounts, which indicates a significant under collection totaling Kshs. 304,746,350 or 23% of the budgeted amount. While the under collection has indeed impacted our planned activities, resulting in potential challenges in service delivery, we have already initiated several measures to address this issue and mitigate its impact going forward	Not Resolved	FY 24/25
1	Land Rates Waiver	Upon review of the information provided, we acknowledge the discrepancy regarding the issuance of a waiver for land rates, specifically the failure to gazette the waiver within the required timeframe as stipulated by Section 83 of the Laikipia County Revenue Administration Act 2022. We understand the importance of compliance with statutory requirements and take this matter seriously.	Not Resolved	FY 24/25
2	Failure to Transfer Revenue Collected to the County Revenue Fund	The Management has been sweeping the funds every Thursday as per the existing instruction but the system failed on 29 th June 2023 resulting to payable to CRF as per attached Letter.	Not Resolved	FY 24/25

3	Failure to set Data Back-Up Server for the Laikipia Revenue Management System	<p><i>Receiver of Revenue</i> Laikipia County Revenue Board has significantly improved its data security and reliability by transitioning from a standalone system to an integrated revenue collection system hosted on Google Cloud. This modern approach offers numerous benefits over the previous on-premises solution: increased security, scalability and reliability. This mechanism provides advanced encryption, regular security updates, and compliance with global standards.</p>	Not Resolved	FY 24/25
