Foreword

Public participation entails a systematic approach to gathering input from individuals, groups, and organizations prior to decision-making. Its aim is to empower marginalized voices and solidify the principle of the County Government acting as a representative of the people. It's important to note that public participation isn't about presenting predetermined decisions but rather about generating and validating decisions. It's not a political exercise but a bipartisan one, where representatives engage with the community to receive guidance and direction.

In our pursuit of inclusive governance and sustainable development, Laikipia County has made significant strides. This report explores our commitment to public participation within this framework, showcasing the impact of citizen engagement on our county's developmental agenda.

Our legal framework, rooted in the Constitution and various acts, underscores the importance of public involvement in governance. Through meticulous planning and execution, we've ensured meaningful engagement in the budgeting process.

Wachira Gachigi
County Executive Committee Member
Finance, Economic Planning and County Development

Final Report

Acknowledgement

I extend my gratitude to all who contributed to our successful public participation efforts within the Programme-Based Budget framework.

Special thanks to the Governor, the deputy governor, County Executive Committee Member for Finance for their leadership in promoting transparency and citizen involvement. To the Finance Department and Public Participation teams, your dedication to organizing public hearings has been invaluable.

Thanks also to our citizens for their active participation and insights during the public hearings. Your input shapes our county's agenda. Lastly, I appreciate the support of our partners in promoting transparent governance. Together, we've laid the foundation for sustainable development in Laikipia County

Daniel Ngumi
Chief Officer
Finance and County Treasury

Final Report

Chapter 1

1.0 : Introduction

Public participation entails a systematic approach to gathering input from individuals, groups, and organizations prior to decision-making. Its aim is to empower marginalized voices and solidify the principle of the County Government acting as a representative of the people. It's important to note that public participation isn't about presenting predetermined decisions but rather about generating and validating decisions. It's not a political exercise but a bipartisan one, where representatives engage with the community to receive guidance and direction.

Laikipia County strides forward in its commitment to inclusive governance, emphasizing transparency and citizen involvement in resource allocation. Central to this ethos is the Programme-Based Budget (PBB) approach, aligning financial resources with the county's development priorities. This report offers an exploration of public participation within Laikipia County's Programme-Based Budget framework. It delves into the strategies, methodologies, and outcomes of engaging citizens in budgetary decision-making, showcasing the pivotal role of community involvement in shaping the county's developmental agenda.

1.1: Legal Basis of Public Participation

Public participation is a constitutional mandate. Article 1 of the Constitution of Kenya states that sovereign power belongs to the people, while Article 10 (2) (a) identifies public participation as a fundamental principle of governance. Moreover, legislative frameworks such as the Public Finance Management Act 2012, Sections 105 and 106 of the County Government Act 2012, and the Laikipia County Public Participation Act, 2014 explicitly outline the necessity of public involvement in both planning and budgeting processes within the county. The PFM Regulations 2015, in section 7, further emphasize the responsibility of County Treasuries to facilitate meaningful public engagement throughout the budgeting process.

1.2: Procedures for Public Participation

PFM Regulations 2015 section 7 states that

- 1) For purposes of public participation in the planning and budgeting process, there shall be participatory structures and processes that shall encompass a broad range of strategies including:
 - Open forums, written submissions, online platform and media
 - Specifications of venues of public participation
 - Dates of public participation
- 2) The CEC member shall notify the general public through a notice in the gazette or at least two newspapers of countywide circulation on the venue and manner of submitting written submissions

- 3) The documents submitted to the county assembly and any other published documents shall be published and publicized within 7 days of presentation.
- 4) The CECM shall give a responsibility statement confirming the extent to which the general public was consulted

1.3: Objectives of Public Participation

The public participation meetings were guided by two objectives namely:

- To educate the public on the county budget process.
- Promote transparency and accountability in budget allocation and expenditure
- Empower citizen engagement and inclusivity by involving them in decision-making processes regarding budget priorities and programs.
- Enhance effectiveness and equity by allocating resources based on community input, thus ensuring equitable distribution and maximizing the impact of budget allocations across all regions and demographic groups.

1.4: Methodology of Public Participation

To realize the set objectives, 64 venues were selected across the 15 wards in the County. Media advertisement was made in the Standard Newspaper dated 8th April 2024. The advert was also popularised through social media platforms.

The public hearings took place from Monday 22nd April to Thursday 25th April 2024 across the sixty four venues in each ward.

The following methodology guided the public participation:

- a. Civic Education on the County budget process.
- b. Presentation of the expected resource envelope.
- c. Receiving contributions and prioritizing projects.
- d. Documentation and capturing of the participants' priorities as guided in the reporting template
- e. Written memorandums were also accepted and were either hand-delivered or sent through the provided email address.

CHAPTER 2

2.1 Sector Priorities by Ward

SEGERA WARD

Village/ Location	Department	Project Description	Project Rank	Remarks/Adressed Need
Naibor	Health	Supply medicine to naibor dispensary	1	
		Increase medical practitioners in naibor dispensary.	2	
		-Renovation of staff quarters.	3	
		-Fencing of Naibor dispensary with a concrete post.	4	
	Water	Rehabilitation of pipes in Naibor and reticulation of water to homesteads.	1	
	Trade	-construction of public toilet in Naibor and Juakali centres and equipping with person living with disabilities facilities.	1	
		-Murraming of Naibor open air market ground.	2	
	infrastructure	-murraming of feeder roads within naibor centre and juakali center.	1	
	Agriculture	-construction of cattle crutch.	3	
		-Provision of fish fingerlings to women groups.	2	
		-Regular vaccination of livestock's	1	
	Education	-Construction of naibor ECDE ablution block	1	
		-Fencing of Naibor ECDE centre	2	
	Administration	-Levelling and Provision and erection of goal post to Naibor playground.	1	
P.C.E.A muramati	Water	-Drilling of muramati borehole and reticulation of water to homesteads	1	
	Education	-construction of ecde class at muramati	1	
		-Construction of V.T.C at muterith muramati	2	
		-Increase bursary allocation	3	
	Health	-Construction of fence at muramati health centre	1	
	Trade	-construction of muramati bodaboda shade	1	
	Administration	-employment of youths	1	
		-county government to pay stipend to NPR	2	
	Infrastructure	-construction of floodlight at muramati	1	
-opening, murraming, grading and graveling of all feeder roads at muramati		2		
Rafiki centre hall	Trade	-construction of ablution block at debates trading centre	1	
		-Installation of lights and sanctioning of debates flood light post.	2	
		-Construction of slaughter house in debates.	3	
		-Relocation of current market stalls to near bodaboda shade	4	
	Infrastructure	Grading, murraming and graveling of booster-tanki nyeusi-sargei road	1	

		Grading, murraming and culvert installation to segera gate-segera mission road.	2	
Health		Completion and equipping of maternity wing at pois dispensary	2	
		-increase the number of medical practitioners at pois dispensary	3	
		-supply medicine to pois dispensary.	1	
Education		-Construction of ECDE class at debatas.	2	
		-Employment of ecde teachers.	1	
Water		-Rehabilitation and renovation of debatas water tank and reticulation of water.	1	
Trade		-construction of ablution block at debatas trading centre	1	
		-Installation of lights and sanctioning of debatas flood light post.	2	
		-Construction of slaughter house in debatas.	3	
		-Relocation of current market stalls to near bodaboda shade	4	
Infrastructure		Grading, murraming and gravelling of booster-tanki nyeusi-sargei road	1	
		Grading, murraming and culvert installation to segera gate-segera mission road.	2	
Health		Completion and equipping of maternity wing at pois dispensary	2	
		-increase the number of medical practitioners at pois dispensary	3	
		-supply medicine to pois dispensary.	1	
Education		-Construction of ECDE class at debatas.	2	
		-Employment of ecde teachers.	1	
Water		-Rehabilitation and renovation of debatas water tank and reticulation of water.	1	
Endana centre	Water	-Drilling of borehole at mbogoinr, gishagi and runda villages.	1	
		-Rehabilitation of four-ten water project and renovation of pipes.	2	
		-provision of pipes to endana water project.	3	
		-provision of dam liners	4	
		-Reticulation of endana water project to homesteads	5	
	Health		-Construction of endana dispensary at endana centfre public ground	1
	trade		-Construction of endana centre ablution block	1
			-Fencing of endana soko	2
	Education		-employment of ecde teachers at ereri ecde centre	1
			-construction of ecde class	2
	Administration		-Employment of youths	1

MUKOGODO EAST WARD

Village/ Location	Department	Project Description	Project Rank	Remarks/Adressed Need
Ngenia	Education	Construction of Ngenia ECDE Toilets	6	Good hygiene
	Infrastructure	Construction of Ngenia- Gakoe Bridge (Kwa kamenya)	2	Enhance business and connectivity
	Infrastructure	Grading and Murraming -Ngenia – Kwa Ngawa Road	4	Enhanced business and connectivity
	Water	Desilting of Kimiti,Gakoe,and Maigwa dams	5	Water supply for farming
	Health	Construction of Laikipia East and Ngenia dispensary laboratory in miamoja	1	Improve health
	Agriculture	Installation of dam liners and irrigation kits	8	Promote agricultural practices
	Education	Bursary allocation to increase to 100million	9	Promote education
	Health	Upgrading of Ngenia dispensary to a Health Centre	4	Quality Health
Mia Moja / Ngenia	Water	Drilling of a borehole in Miamoja secondary and Ngenia secondary	3	Water supply
Ethi	Agriculture and Livestock	Livestock vaccination center	12	Livestock Diseases prevention
Olotasha	Infrastructure	Continuation of grading and gravelling of Olotasha- Ethi Road	15	Accessibility Security Business development mobility
Chumvi	Health	Construction of Chumvi dispensary laboratory	1	Good Health and efficiency
	Agriculture and Livestock	Construction of a saleyard.	10	Improves market access
	Administration	Rotation of Casuals and collection of refuse in chumvi center	9	Good Revenue collection Proper hygiene
	Water	Water distribution from Osirua water project at the point of Ngodan point to lotiki, then Ngodan to Westlands.	6	Proper coordination
	Water	Drilling of borehole at Olokirisia primary	2	Water shortage
	Agriculture and Livestock	Installment of dam liners	7	Food security
	Trade	Construction of Boda Boda shed at Chumvi center	8	Welfare of boda boda operators Enhance revenue collection
	Trade	Construction of chumvi market toilets	5	Good health promotion
Olokirisia	Health	Construction of new health dispensary at Olokirisiai village	4	Good health promotion

Arjiju	Infrastructure	Gravelling and grading of Arjiju-chumvi-Timau road (Road disconnected Mako area, preventing locals to access the highway, and school going children)	1	Accessibility Improves security response
	Infrastructure	Arjiju- Chumvi Road Grading and gravelling	8	Security Accessibility
	Administration	Fuel facilitation of security personnels at Arjiju camp (Quick response Unit)	3	Security running's
	Health	Renovation and equipping of Arjiju Dispensary	7	Improves health
	Water	Drilling of borehole and Solarization of the current arjiju Borehole	6	Water security
	Agriculture and Livestock	Repair and equipping of spray cattle dip at Arjiju		Prevention of diseases
	Infrastructure	Grading and gravelling of the Katunga- Olkarkar Road in Arjiju	2	Enhance mobility Development of businesses
	Water	Desilting of Sepeyo dam	5	Water needs and irrigation
	Education	Construction of a new ECDE class at Emulango	4	ECDE Education and effective school transition
	Trade	Construction of Bead work center at arjiju Center	9	Market and business development
	Agriculture and Livestock	Distribution of Seeds and Subsidized fertilizer center to chumvi center	12	Food security
	Agriculture and Livestock	Installation of dam liners and irrigation kits	11	Food security
	Water	Repair and Distilling of Kingara Dam	10	Water security
Kiwanja Ndege	Infrastructure	Desilting of Luai Dam art Maiyanat community land.	5	Water availability
	Infrastructure	Grading and gravelling of Kiwanja Katunga Road	6	Security Road
	Infrastructure	Opening of Losupukiai- Church Road	7	Security and accessibility
Dol Dol	Environment	Connection of water to Dol dol Slaughter house and washrooms and to be connected with	2	Sanitation
	Trade	Construction of Ushanga Centre at either Dol Dol or Orkinyei	8	Women empowerment and Business development
	Education	Renovation of ECDE class Kuri Kuri and Loisukut areas	13	ECDE Class
	Infrastructure	Gravelling of Dol dol and planning of Dol dol center	1	Town planning
	Water	Repair of and equipping of Shulmai Borehole	11	Water supply to the communities around
	Environment	New dol dol damp site	10	

	Agriculture and Livestock	Fencing and construction of a blood hole	4	Hygiene
	Environment	Repair and maintenance of Dol dol public toilet	3	Hygiene
	Water	Construction of a Culvat of Orkinyei Borehole to Orkinyei Primary Road.	9	Connectivity
Bokish	Water	Equipping and repair of bokish borehole	12	Water supply

TIGITHI WARD

Village/ Location	Department	Project Description	Project Rank	Remarks/Adressed Need	
Village 3 & 4	Agriculture	Request for Cattle Dips in village 3 & 4.	1		
		Provision of Certified Seeds.	2		
		Provision of Extension Officers for Plots Demonstration.	3		
		Request for A.Is for Cows grading.	4		
Village 3	Infrastructure	Construction of Waheire Road – Solio Village 3.Requires Murraming.	1		
		Construction of Dispensary Road Village 3 – Village 1 Main Road(Tarmac Naromoru – Kanyagia Road.) Requires Murraming.	2		
Village 2		Construction of Village 2 Sinch Company Road – Main Road(Tarmac Naromoru – Kanyagia Road.) Requires Murraming & Box Culverts.	3		
Village 3		Construction of Village 3 – Village 7 Roads. Requires Murraming & Box Culverts.	4		
Village 7		Construction of Village 7 – Village 6 Roads. Needs Murraming & Culverts.	5		
Village 2		Water	Elevation of Village 2 Water Storage Tank.	1	
Village 3		Education	Construction of ECDE Bahati CEB & Ablution Blocks.	1	
Solio Village	Education	Feeding Programmes on all Solio Schools.	2		
		Request for Ablution Blocks on all Solio Schools.	3		
Village 3		Construction of Vocational Centre at Solio Village 3.	4		
Solio Village		All Solio ECDEs classes to be revisited.	5		
Village 3 & 4		Construction of a social Hall.	6		
Village 3		Health	Bahati Dispensary needs Medicines.	1	

		recruitment of Health Officers/Staffs at Bahati Dispensary	2	
		Fencing of Bahati Dispensary	3	
Village 2,3,4 & 6	Trade	Request for Construction of Village 2,3,4 & 6 Markets & Toilets. Request for Fencing.	1	
Village 3 & 4		Identification of Public Utility Plots/	2	
Solio Village	Administration	Request for Security.	1	
		Provision of Street lights,	2	
Kamangura	Agriculture	Request for Damliners	1	
		Provision of Subsidized Fertilizers & Seeds.	2	
		Construction of Agricultural Centre.	3	
Railways	Infrastructure	Construction of Ihigaini Secondary - Main Railways – Makongo Road. Needs Murraming & Culverts.	1	
Makongo		Construction of Main Mukuri – Mirera – Makongo Road. Needs Murram, Box Culverts & Bridge Construction.	2	
Mukumbuni		Construction of Galacia-Mukumbuni-Makongo Road.	3	
Kamwere		Construction of Kamwere – Cactus-Makongo Road. Needs Murram.	4	
Makongo		Construction of Makongo Nursery – Railways.	5	
Kamangura	Water	Construction of Lower Kamangura Borehole.	1	
Baraka		Construction of Baraka Borehole.	2	
Chuma		Rehabilitation of Chuma Boreholes.	3	
Makongeni	Education	Request for expansion of Kamangura Ecde Centre Makongeni & Ablution Blocks Construction.	1	
Railways	Health	Construction of Railways Kugeria – Thonglea Dispensary. Assist in acquiring Public Utility & title deed.	1	
Kamangura		Provision of Additional CHVs.	2	
Kamangura	Trade	Construction of Slaughter House to serve the entire area.	1	
		Construction of Kamangura Market.	2	
Kamangura	Administration	Request for Kamangura area Sub-location	1	
Galacia		Provision of Streetlights at Galacia	2	

Chuma		Provision of Streetlights at Chuma.	3	
Kamangura		Request for Security.	4	
Lamuria	Agriculture	Provision of Certified Seeds to the farmers.	1	
Hotline, Riacho, Mwakinya		Ways of Curbing Human-Wildlife Conflicts by Monkeys destroying their Farms.	2	
Lamuria		Livestock Vaccination.	3	
Kiambiriria	Water	Request for Rehabilitation of Kiambiriria Borehole.	1	
Kahuho		Construction of new Kahuho Borehole.	2	
Mwiyogo		Request for a Public Utility between PCEA Church & Mwiyogo Primary to construct Mwiyogo Borehole.	3	
Riacho		Provision of Damliners	4	
Mwiyogo	Infrastructure	Lamuria tarmac road – Kwa Lucy – PCEA Mwiyogo Church – Mwiyogo Primary. Propose for Murram & Culverts construction.	1	
Karai		Karai – Waithira road. Requires Culverts.	2	
Castle		Castle tarmac road – Social Hall needs Murram construction.	3	
Riacho		Riacho tarmac road – Pub. Requires Murram. Same as Pub – Thome Road.	4	
Kiambiriria		Construction of Tharua/Kiambiriria road. Needs Murram.	5	
Karai		Education	Construction of Karai ECDE.	1
Mwiyogo	Construction of Mwiyogo ECDE.		2	
Riacho	Provision of Riacho Primary Ablution Blocks.		3	
Mwiyogo		Provision of Mwiyogo Primary Ablution Blocks.	4	
Riacho	Health	Request for Riacho Dispensary.	1	
Mwakinya		Construction of Mwakinya Dispensary.	2	
Lamuria	Trade	Rehabilitation of Lamuria Market.	1	
		Provision of Streetlights at the same market.	2	
Castle	Administration	Provision of Streetlights at Castle area.	1	
Riacho		Identification of a Public Utility Land to Construct Riacho Police Post.	2	
Lamuria		Education	Proposed Lamuria Stadium Public Utility area to be	3

		graveled & leveled. Repair the Water drainage system and construct Ablution blocks.			
Kabanga	Agriculture	Kabanga Dam Distillation.	1		
Matanya, Male		Livestock Vaccination.	2		
Matanya		Construction of Agricultural Centre.	3		
		Provision of more Certified Seeds.	4		
		Request for NCPB Local collection point to purchase Fertilizers.	5		
Matanya	Infrastructure	Construction of Matanya Catholic – Railways. Needs Murrām & Culverts.	1		
Male		Construction of Male Secondary/Primary/Focus Primary – Ngoro Theru Junction that requires Murrām & Culverts Installation.	2		
Waguthiru		Jesus Winner route – Tigithi-Waguthiru Rural – Tigithi Secondary – Waiganjo. Requires Murrām & Culverts.	3		
Iriuko		Construction of Railways – Witemere – Iriuko Primary needs Murrām.	4		
Kiahuko		Construction of Kiahuko Borehole road – Nyokanyoka. Requires Murrām.	5		
Male		Construction of Wakiboi – Gitonga – Karisa – Kihato Dispensary. Requires Murrām.	6		
Thome		Construction of Thome road – Tigithi secondary – Iriuko Primary. Requires Murrām.	7		
Chuma		Construction of Chuma – Matanya Dispensary road. Requires Murrām.	8		
Matanya		Water	Matanya Borehole requires elevated Water Tanks storage.	1	
Tigithi			Tigithi Aberdare Cluster Water Projects requires completion of piping & taps.	2	
Iriuko	Construction of a Bridge & Culverts installation at Matanya – Iriuko.		3		
Iriuko	Education	Construction of Iriuko ECDE & Ablution blocks.	1		
Matanya		Tigithi Vocational Center to be highly equipped & request for additional staffs.	2		
Matanya	Health	Matanya Dispensary requires Medicines. Request for more localized staffs e.g Dentists,	1		

		therapist counselors to serve the Matanya Community. Also the Dispensary should be Fenced & have a litter area. Should have Ablution Blocks.		
Kihato		Kihato Health Centre request for Provison of Medicines.	2	
Matanya		Matanya Maternity should Officially be Opened for Operation. Locals are deeply suffering.	3	
		Request for more CHVs	4	
Matanya	Trade	Revival or Re-opening of the Matanya Milk Coolant.	1	
		Matanya Stadium to be Fenced. Constructed Ablution Blocks to be Re-opened.	2	
Matanya, Male, Tigithi, Waguthiru, Iriuko & Weruini	Administration	Installation of Streetlights	1	
Matanya		Garbage Collection by the CGL	2	

OLMORAN WARD

Village/ Location	Department	Project Description	Project Rank	Remarks/ Adressed Need
Sipili centre	Water	Disilting of Sipili Dimcon Dam	1	
		Disilting of Marula Dam	2	
		Disilting of Monica Dam	3	
	Agriculture	Sipili livestock Market to be equipped with salesyard, shelters and expand the market to allow cattle trading	4	
	Infrastructure	Murruming of boro – serial road 58 (serialboard road)	1	
		Murruming of Redeemed to independent church road.	2	
		Murruming of mama Jane to Luchuchu road from the market to bondeni pry.	3	
		Kaharati primary road from the tarmac through SDA church road.	4	
		Bondeni primary Road	5	
		Catholic church road to Naibrom kwa Elijah mathenge	6	
		Murruming Pewa to the tarmac road	7	
		Opening of marura ECD Road to mbogoini	8	
		Murruming Kichinjio to Gacheche road.	9	
		Repair and murruming Daragweti to AIPCEA through KAG church	10	
Education	Opening of Sipili library	1		
	Fencing of sipili Stadium	2		
Trade	Construction of Boda boda shed at Sipili Centre	2		

	The public suggested Sipili stage construction to be given first priority.	1

	Trade	Erect a high mast flood light at kiamariga trading centre	1	Improve business
		Construction of bodaboda shed in the market	2	
	Health	Construct a laboratory at Kiamariga dispensary	1	Improve health
		Construct a staff quarter at kiamariga dispensary	2	
	Infrastructure	Improvement of drainage systems	1	Muroming, Grading, gravelling and drainage installation
		Installation of culverts at kiamariga centre	2	
		Kiamariga -kaunda-kamoche-footbridge	3	
		Kiamariga-mutara bridge construction	4	
Salama dispensary	Education	Construction of ECDE classrooms at Rhoda primary school	1	Early childhood development
		Repair the ablution blocks	2	

		Bondeni ECDE construction	3	
		Deployment of ECdE teachers at Tinga primary	4	
	Water	Drilling of water pans in every homestead	1	Improve water supply
		Solarization of salama secondary borehole	2	
		Drilling of Rhoda borehole	3	
		Desilting of salama dam	4	
	Trade	Erect a high mast flood light at salama trading centre	1	Improve business
		Planning of salama centre	2	
		Repair of pesi center street lights	3	
	Health	Deployment of more nurses at salama dispensary	1	Improve health
		Provision of medicines in the dispensary	2	
	Agriculture & Livestock	Provision of fruit seedlings	1	Improve agriculture
		Deployment of more agricultural staffs	2	
		Provision of AI services	3	
		Deployment of more veterinary officers	4	
	Infrastructure	Road surveyors to accompany grading Dickson -njogu-Idp-Lucy mugambi	1	Murruming, Grading, gravelling and drainage installation
		Muthumbi- Rhoda primary - Mama wahome	2	
		Rumuruti forest- Tetu-Ainapmoi	3	
		Jerevasio- rumuruti forest	4	
		Kimemia- wanjohi- Ndaguatha-Ainapmoi	5	
		Gravelling and culverts installation	6	
		Baba Patrick -salama dispensary - police- maendelea	7	
		Dickson - wanjau- kibore- lorian	8	
			9	
Muruku	Education	Construction of ECDE classrooms at kianjogu primary school	1	Early childhood development
		Construction of Huhoini ECDE classrot	2	
		Construction of kirima ECDE classrooms	3	
		Construction of Ngu ECDE classrooms		
	Water	Desilting of Nguu dam	1	Improve water supply
		Drilling of borehole at Muruku dispensary	2	
		Repair and piping of Muruku JAICA borehole	3	
		Drilling of borehole in Muruku and kiriko primary	4	
		Construction of Ndia ya mwana mega dam		
	Trade	Erect a high mast flood light at Muruku centre, pesi centre and nganoine centre	1	Improve business
		Repair of pesi centre street lights	2	
	Health	Fencing and gating of Muruku dispensary	1	Improve health
		Provision of water harvesting facilities at Muruku dispensary	2	

		Staffing of Muruku dispensary	3	
		Upgrading of Muruku dispensary	4	
		Equipping and staffing of pesi health centre	5	
	Agriculture & Livestock	Addition of agricultural extension officers	1	Improve agriculture
		Capacity building on Gaps	2	
		Provision of AI services	3	
	Infrastructure	Breeding improvement		
		Routine management of pesi-Kiriko-kifuko road	1	Murruming, Grading, gravelling and drainage installation
		Grading and murraming of kiriko through Nguu to kifuko farm	2	
		Installation of footbridge along kianjogu - Kenyatta road	3	
		Grading and gravelling of kirera PCEA, karuchwa, maranga to Muruku road	4	
		Construction of drainage system in pesi and Muruku	5	
		Installation of bridge at pesi and Muruku primary adjacent to Muruku primary	6	
		Murraming and gravelling of kiptogom Muruku,muthiga road	7	
		Installation of culverts along nganoine,ngororo,Kenyatta dam	8	
		Muruku community want continuity Claiming of Gatuikira veterinary land	9	
	Planning of pesi centre	10		
		Planning of pesi centre		

UMANDE WARD

Village/ Location	Department	Project Description	Project	Remarks

		Gatawa grounds ECDE	3	
	Trade	Construct a modern market at Makutano	1	Improve trading activities
		Provide water for the market	2	
	Agriculture	Desilting of Suguroi dam	1	Improve agriculture
		Desilting of Gichogo dam	2	
	Infrastructure	Grading and gravelling of Njeri – Mundia – matopeni – bridge road	1	Improve transport
		Grading and gravelling of gachuiga – Njogu road	2	
		Grading and gravelling of misri – nyakinyua road	3	

MUKOGODO WEST WARD

Village/Location	Department	Project	Project rank	Remarks/need addressed
Ipolei	Agriculture	Completion of slaughter house that was only fenced.	1	
		Renovation of cattle crush.	2	

		Introduction of livestock restocking programs { <i>training, castration tools and veterinary services</i> }	3	
		Availing of seedlings { <i>trees and small scale farming</i> }	4	
		-Provision of livestock supplements e.g. Salt	5	
	Water	-Piping of water from meka dam.		
		-Drilling and completion of boreholes {behind ilpolei dispensary and the chief's camp}		
		-Renovation of mulishoi rock catchment.		
		-Operationalization of osirwa water project.		
	Infrastructure	-Grading and construction of culverts; ilpolei to uluodo	1	-factor towards curbing insecurity within the area.
		Ipolei to suitutoshe	2	
		Ipolei to mulshoi ranch via twala to doldol	3	
		-Develop a plan for ilpolei centre {mapping}	4	
	Education	-Renovation of munipicha ecde	1	
		-Additional teachers for munipicha ecde	2	
		-Construction of a new ecde classroom	3	
	Health	-Avail medicine at the dispensary	1	
		-Provide for additional nurse	2	
		-Upgrade maternity kits	3	
		-Provide for a cook at the maternity	4	
	Administration	-Consideration and inclusion of casuals into the payroll system.	1	
		-Consultation with the local authorities beforehand, to allow for participants/public, prepare.	2	
	Trade	-Construction of a public sanitation block.	1	
Tiamamut	Water	-Equiping of naiboli and ilmoitok boreholes.	1	
		Distilling of oloshaki and tiamamut dams.	2	
		-Construction of norkarkang dam.	3	
		-Piping of water from olboisot windmill to ilmotiok.	4	
		Solarization of naiperere 1.	5	
		-Extend water piping from tula water project to loshaki.	6	
		-Repair of rock catchment tanks.	7	
		- Addition of tank at naiperere 2.	8	
		Assessment and repair of naiperere 2.	9	
		Construction of a new san dam.	10	
	Health	-Construction of sanitation block at the naiperere and ilmotiok dispensary.	1	
-Construction of a doctor's quota at naiperere and ilmotiok dispensary.		2		

		-Fencing of the naiperere and ilmotiok dispensary.	3	
		-Avail medicine at the naiperere and ilmotiok dispensary.	4	
		-Additional nurses and supervision of their attendance.	5	
		-Connection of water to naiperere and ilmotiok dispensary.	6	
	Administration	-Consideration and inclusion of casuals into the payroll system.	1	
		-Consultation with the local authorities beforehand, to allow for participants/public, prepare.	2	
		-Consider following up on employee terms of service (committees)	3	
	Education	-Additional teacher and furniture at oltoijo, el murua and loshaki ecde	1	-most ecde classrooms have no furniture and sanitation blocks.
		-Repair and provision of furniture at ilmotiok primary ecde	2	
		-Additional ecde teacher at ilmotiok ecde	3	
		-Additional teacher, provision of water tanks and furniture at naserian ecde.	4	
		-Additional ecde classroom at naiperere ecde (2 teachers share 1 classroom)	5	
		-Renovation of tiamamut ecde.	6	
	Infrastructure	-4 box culvert and bridges at; naiperere-olmotiok road, ewaso-naiperere culvert and kiamonjo-tiamamut.	1	
		-Grading and murraming of losheki-ilmotiok road.	2	
		-Grading and installation of culvert (ilmotiok –naboli road)	3	
	Agriculture	-Periodic vaccination of livestock semi-annually. {foot & mouth,flock pox,lapenskin,dpp, deworming }	1	
		-Provision of improved livestock breed	2	
		-Inclusion of camels into livestock care/training	3	
		-Introduction of civic education on modern livestock keeping, poultry farming and bee keeping.	4	
		-Construction of cattle crush at ilmotiok	5	
	agriculture	-Introduction and provision of tree planting (seeds for fruit trees)and environmental conservation trainings and campaigns.	1	
Kimanjo	Water	-Construction of proposed musul borehole.	1	-there are various water sources, but they haven't been
		-Renovation of musul water catchment.	2	

		-Pipe water to police pump to community to slaughter house.	3	piped to the community.
		-Pump water to community from loshaki borehole.	4	
		-Construct troughs for livestock.	5	
		-Desilting of dam.	6	
		-Replacement of tula motor pump	7	
		-Assessment and service of kimanjo old borehole.	8	
		-Pump water into reserve tanks.	9	
		-Improve on the garbage disposal measures at the market	10	
	Administration	-Consult with local authorities during meetings preparations.	1	
		-Consider employing and absorbing the casuals into the payroll system	2	
	Health	-Avail medicine and ambulance	1	
		-Assess and service the hospital power system	2	
	Agriculture	-Availability of water in the market	1	
		-Provide for care and security of livestock	2	
Ewaso/nosirai	Water	-Construction of borehole at nosirai primary school.	1	
		-Provide for water tanks	2	
		-Location of dam to be at donyoroma	3	
		-Repair and rehabilitation of lung'osawani dam.	4	
		-Additional solar panels and extension of piping from nosirai borehole to nosirai school.	5	
		-Construction of a concrete tank for water collection from naiperere water.	6	
		-Construction of new borehole at munisho.	7	
		-Construction of new shiling dam.	8	
		-Extend naiperere piping to munishoi.	9	
		-Assessment and service of the power system at losubukei borehole (to increase yield)	10	
		-Solarization of donya borehole.	11	
		-Replacement of water tanks at ewaso.	12	
		Health	-Upgrade ewaso dispensary to a health center.	1
		-Inclusion of a maternity at ewaso dispensary.(referred to kimanjo hospital)	2	
		-Additional doctors and availing of medicine.	3	
		-Construction of nosirai dispensary	4	
	Education	-Additional teachers at nosirai ecde	5	

		-Additional ecde classrooms at munishoi, ewaso and kipaika.	6	-ewaso ecde was never constructed as per budget projects 22/23.
		-Construction of a sanitation block at pilili ecde.	7	
	Infrastructure	-Installation of a box culverts at lesakit (nosirai-munishoi road), nosirai-koiija road and nosirai-ngerashi road	1	-the proposals under this department are to be delivered to the women.
		-Drift along loSPIKEI	2	
		-Grading and murraming of nosirai-rongai road.	3	
		-Installation of culvert along noswani-starbed road.	4	
		-Murraming of nosirai-munishoi road.	5	
		-Grading and installation of culvert along nosirai-ewaso road.	6	
	Agriculture	-Construction of nosirai cattle crush	1	
		-Repair of ntumot cattle dip.	2	
		-Introduction of improved livestock breeding programs.	3	
		-Provision of harrows to plough along the river.	4	
		-Provide for dairy goats, broiler/grade chicken, chicken nets samples, farming tools, fertilizer, seedlings, bee hives, grass seeds.	5	
		-Avail for veterinary services (deworming, salt etc)	6	
Kurum/mumonyot	Health	-Construction of kurum dispensary toilet.	1	
		-Construction of kurum dispensary fence.	2	
		-Additional nurse at kurum dispensary.	3	
		-Avail drugs/medicine at the dispensary.	4	
		-Delayed payment of casuals at the dispensary.	5	
		-Installation of solar/power system at the dispensary.	6	
		-Allocation of furniture.	7	
		-Construction of a maternity facility and equip with kits and beds.	8	
		-Construction of staff quarters at the dispensary.	9	
	Education	-Completion of ecde classes at loosinya ranch.	1	
		-Renovation of toilets at loosinya	2	
		-Construction of a new ecde classroom at kiganjo.	3	
		-Equip ecde class with a blackboard and furniture.	4	
		-Construction of an ecde class at sort oudo primary school.	5	

	-Equip ecde with furniture	6	
	-Introduce a feeding programme for ecde children	7	
	-Construction of ecde class, sanitation block at kurum primary, and equip with furniture.	8	
	-Provision of teaching materials at kurum ecde	9	
	-Construction of ecde class at njurum, provision of desks, construction of toilets and provision of teching materials.	10	
	-Construction of toilet at loruk ecde	11	
	-Provision of teaching materials at loruk ecde.	12	
	-Construction of ecde class and toilet at saramba primary school.	13	
	-Provision of teaching materials and furniture.	14	
	-Construction of ecde class at wrakumbe.	15	
	-Completion of ecde class, toilet and provision of materials/furniture at tool.	16	
	-Construction of ecde class at seek	17	
Water	-Renovation of nkamuriak and lokole handpump.	1	
	-Renovation of saramba borehole.	2	
	-Renovation of solt oudo rock catchment and storage tanks.	3	
	-Drilling of a new borehole at solt oudo , loishim & seek	4	
	-Equipment at mbolienchuu.	5	
	-Renovation of tool borehole.	6	
Infrastructure	-Grading of kurum road through mundul connecting nampa to seek	1	
	-Installation of culverts along kurum-doldol	2	
	-Grading of solt oudo road via kiganjo-ilpolei	3	
	-Corogation of nkamuriak road.	4	
	-Installation of culverts along soitondo pry-naatum cultural manyatta.	5	
	-Grading of kurum-naamingo cultural manyatta	6	
	-Grading of soitondo-nailiepu cultural manyatta & kurum-saramba road	7	
	-Physical planning to be done at kurum shopping center and soit oudo	8	
Agriculture	-Construction of kurum livestock crush	1	
	-Construction of livestock market at kurum.	2	
	-Livestock vaccination to be conducted regularly.	3	

		-Improved livestock breeds.	4	
		-Provision of agricultural farming {seeds}	5	
		-Livestock weight measurement	6	
		-Training on livestock management, bead work, leather, bee keeping and poultry.	7	
	Sports Culture	-Leveling of kurum secondary playground	1	
		-Goal post, net/volley ball equipment	2	
		-Provision of team playing equipment	3	
		-Organize cultural days for the whole county.	4	
		-Organize exchange trips of the existing cultural manyattas	5	
		-Assist in marketing.	6	
		-Construction of a w***** at naamingo cultural manyatta/fencing.	7	

SOSIAN WARD

Village/Location	Department	Project	Project rank	Remarks/need addressed

NANYUKI WARD

Village/ Location	Department	Project Description	Project Rank	Remarks/Adressed Need
Kanyoni	Infrastructure, Land, Housing and Urban Development	Title deeds issuance	1	Government to fast-track processing and issuance of title deeds.
	Education and Library services	Installation of a permanent fence in Kanyoni ECDE center	2	The existing wall fails to provide adequate protection against unauthorized access
	Medical Services and Public Health	Construction of a toilet and a bathroom in Kanyoni Dispensary Maternity	3	The maternity while a vital addition to the community lacks essential amenities inside such as a toile and bathroom
	Infrastructure, Land, Housing and Urban Development	Culverts installation	4	Lack of the said culvert is posing a danger to the residents of Kanyoni area
		Waiver of the land rates payments	5	Many residents of the ward face financial challenges that prevent them from meeting the cost associated with land rates, there by hindering their ability to formalize land ownership through title deeds
	Finance, Economic Planning and Enterprise Development	Water charges in Kanyoni ECDE to be catered for by the county Government	6	Government to cover the water charges for ECDE center due to residents' inability to pay
	Education and library services	Review of the bursary process and allocation	7	Increase the number of beneficiaries in Kanyoni ensure there is transparency and fairness
	Infrastructure, Land, Housing and Urban Development	Maintenance of a non-functioning floodlight in Kanyoni Center	8	The residents have attempted reaching the relevant authority unsuccessfully
	Education and library services	Renovation of Kanyoni ECDE center	9	The classrooms renovation to address several pressing issues, including damaged windows, doors and broken chairs.
	Medical Services and Public Health	Installing of a parameter wall in Kanyoni Dispensary	10	The existing wall fails to provide adequate protection against unauthorized access.

	Medical Services and Public Health	Construction of doctor's residence	11	With the facility having a maternity it is essential to prioritize doctors' residence to ensure round the clock availability of skilled personnel
	Youths, Gender, Sports and Social Services	Employment opportunities for Youths and women	12	They are interested in Securing employment particularly in projects initiated by the County Government in their ward such as road construction.
	Medical Services and Public Health	Construction of a laboratory	13	A new Laboratory is needed to improve the services
	Medical Services and Public Health	Establishment of Comprehensive Care Center at Kanyoni Dispensary	14	Similar to those found in other locations it will ensure accessible and high-quality care close to home
	Medical Services and Public Health	Revival of Outreach clinics	15	The Outreach used to reach the underserved areas, promote prevent care and strengthen community health partnership
	Water, Natural Resources and climate change	Nursery trees and tree planting	16	By collaborating with the local nurseries and tree planting programs the government can create opportunities for the residents to engage in income generation
	Water, Natural Resources and climate change	Revival of planting trees around the rivers	17	The initiative was being undertaken years back and it stopped
Likii	Infrastructure, Land, Housing and Urban Development	Title deeds issuance	1	County Government in collaboration with National Government to fast-track processing and issuance of title deeds.
		Installation of streetlights and floodlights	2	The streets lights to be installed location wide and a floodlight in Mombasa area
		Murruming grading and leveling of Likii – Thingithu primary road	3	The said road is used mostly by Thingithu primary pupils from Likii
	Medical Services and public health	Upgrading of Likii dispensary to a health facility	4	The resident was promised this by the Governor

	Youths, Sports, Gender and social services	Youth employment opportunities	5	The residents strongly advocate for prioritizing local opportunities for youths from the ward.
		Care Haven	6	This focus on providing care and support to two vulnerable groups within the community i.e. Supporting Bedridden HIV/AIDS Patients and Unidentified Orphaned Children
		Skills empowerment initiatives	7	Investing in Youth Through Bursaries and Scholarships for TVETs and VTC providing them with opportunities to gain valuable skills through technical and vocational education and training.
	Trade, Tourism and Cooperative Development	Facilitating Women's Business Ventures through Accessible Enterprise Funds	8	Review enterprise fund requirements to be able to cater for starter business.
Nanyuki Town	Youths, Sports, Gender and Social Services	Rehabilitation of Nanyuki stadium	1	The stadium does not meet standards and it's the only stadium providing community with premier venue for sports and talent development
		Construction of more Ablution block at Nanyuki Stadium		As the number of stadium visitors continues to rise, the community recognizes the pressing need to construct additional ablution blocks to accommodate the growing demand.
		Construction of more stadium seating serenity at Nanyuki Stadium		There is required maximum comfort and capacity for growing fan engagement
		Installation of lights at Nanyuki Stadium		The residents noted that the stadium has only two lights and they require a total of six
	medical services and public health	Equipping and staffing of the already existing health facilities in the ward	2	The residents suggests that it would be more prudent to equip and staff the already existing ones instead of embarking with construction that will only end up as empty unstaffed and unequipped shells.

	Agriculture, Livestock & Fisheries	Renovation of Nanyuki slaughterhouse	3	
	Education And Library Services	Equipping of Nanyuki vocational training Centre	4	Equipping the vocational training center with modern equipment is crucial for ensuring high-quality training and skill development. It empowers trainees to excel in their chosen fields and adapt to evolving industry standards.
	Infrastructure, Land, Housing and Urban Development	Mofati-jeshi la wokovu-mama martin road drainage	5	The residents urge prompt action to assess and improve the drainage infrastructure to prevent potential hazards and ensure smooth flow of traffic
		Periodic maintenance of roads and drainage	6	
		Maintenance of non-functioning streetlights	7	
	Youths, Sports, Gender and Social Services	Opening additional grounds for community event	8	The residents noted that due to increase in demand for using the stadium there should a field expansive initiative and they proposed the following grounds
		Construction of Youth friendly social hall in Nanyuki town	9	Creating a revitalized social hall from an old market structure and Installing WIFI and indoor games can provide entertainment talent development for the youths. Making it a drug-free and incorporating a coffee center run by youths not only generates income but also provides valuable employment opportunities and fosters community engagement.
	Infrastructure, Land, Housing and Urban Development	Tarmacking of Nanyuki-Rumuruti road	10	Collaboration between the National and county government on that road.
	Youths, Sports, Gender and Social Services	Allocation of budget to KYSIA	11	
Nturukuma	Infrastructure, Land, Housing and Urban Development	Acquisition of land for hospital expansion	1	The residents' desire for the government to acquire a 2-acre plot adjacent to the hospital, as the current land is housing chief camp and police post, in

				order to facilitate the upgrading of the hospital to a level 4 facility.
		Installation of a bridge in Nkando dam	2	The route is frequently used by learners on their way to school to ensure their safety
		Grading, gravelling, culverts installation and drainage works in the following roads:	3	It is essential to ensure that the murrum is compacted thoroughly and that the culverts meet the required standards for ensuring the durability, effectiveness, and safety of the infrastructure for the community's benefit.
		St Jude-Nkando Road		
		Ikunywa road		
		Kwa chief road		
		Githaiga road		
		Kibes road		
		Opening Grading, gravelling, culverts installation and drainage works of the following roads:	4	
		Kwa muchina road		
		Kwa chief road		
		Mama Mugambi-Kwa Mwaura		
		Installation of the culverts in the following roads:	5	The culverts should meet the required standards for ensuring the durability, effectiveness, and safety of the infrastructure for the community's benefit.
		St jude-guyo road		
		Muthamia-kinyua road		
		Installation of floodlights at Wa china, muturania and kenya fibre	6	
	Education and library services	Construction of ECDE classroom, Ablution block furnishing and playing equipment at Nkado	7	
		Construction of ECDE classroom Ablution, block furnishing and playing equipment at Mukuri	8	

	Trade, Tourism and Cooperative Development	Construction of a boda boda shed	9	The vandalism of the boda-boda shed that was there left traders in a precarious situation, particularly during the rainy season
--	--	----------------------------------	---	---

		Street lights installation along PEFA-Termakis road		
		Reinstallation of street lights along Maitho-Makutano junction road		
		Street lights installation along Baraka centre- Baraka dispensary road		
		Repair of High mast floodlight at Baraka centre		

	Agriculture, Livestock and Fisheries	Drip kits supply in Thingithu ward		
		Fruits seedling supply in Thingithu ward- Mango, apple, pixies, macadamia and guava		
		Livestock vaccinations		
		Improved livestock breeds		
Beam	Education youth sports and social development	Construction of ECDE toilets at termakis		
		Provision of ECDE furniture and learning materials		
		Provision of ECDE outdoor playing equipments		
		ECDE feeding program		
	Trade, tourism and cooperatives development	Boda boda shade at Baraka centre		
	Water, Environment, Natural Resources and climate change	Provision of tree seedlings at Termakis		
	Education youth sports and social development	Rehabilitation of Nanyuki stadium, Cuba field and Beam field		
		Construction of youth centre at NTRH		
		Increase funding to youth directorate and support football teams		
	Water, Environment, Natural Resources and climate change	Construction of recycling plant at dumpsite		
		Rehabilitation of beam- matt 98 sewer line		
	Infrastructure, roads, housing and urban development	Tarmacking of 62 paradise road		
		Drainage works across Thingithu ward		
		Gravelling of Matt 98 road		
Njoguini	Infrastructure, roads, housing and urban development	Grading, gravelling, Culverts installation and drainage works of Makutano-Njoguini primary- Olpejata fence road		
		Grading, gravelling, Culverts installation and drainage works of Mekanisani-AP road		
		Installation of high mast floodlights at Muharati, kwa goati and olpajeta		

		Culverts installation works at mosque		
		Drainage works on all roads in Thingithu ward		
	Water, Environment, Natural Resources and climate change	Equipping and solarization of Njoguini borehole		
		Drilling and equipping of a new borehole at kwa Ngira		
	Education youth sports and social development	Construction of ECDE toilets at Njoguini and Yard		
		Provision of ECDE furniture and learning materials		
		Provision of ECDE outdoor playing equipments		
		ECDE feeding program		
		Construction of ECDE classroom at Njoguini		
	Medical services and public health	Construction of a new dispensary at Njoguini primary		

RUMURUTI WARD

Village/ Location	Department	Project Description	Project Rank	Remarks/Adressed Need
Rumuruti Township	County Coordination, Administration, ICT and Public Service	Clear distinction of whether Kandutura village is in Rumuruti Municipality or not	1	Proper and timely communication to be done between the County Government and the local residents.
		Security to be tightened around Kandutura area	2	
		Electrical flood lights are preferred over solar powered lights to avoid vandalization of the equipment	3	
		Local media stations, especially Hega FM, sought to be acknowledged and recommended more often by the county government	4	
		The local Governor's Mashinani Committee sought to be alerted early enough of upcoming public participation meetings in order to carry out	5	

		meaningful mobilisation of local residents		
Infrastructure, Lands, Public Works and Urban Development		Maintenance is urgently required in the ablution block at Rumuruti livestock market	1	Ensure balanced urban development in all areas of the township
		Drainage works and routine maintenance on Karuaho roads	2	
		Culvert installation along Kambi – Robert road	3	
Education, Youth, Gender, Sports and Social Services		The youth in Rumuruti complained of being left out in the ongoing budget estimates and requested for allocation of a bus to cater for their movement when need arises	1	Neither the Youth nor Sports should be left out when allocating resources to the department
		An ECDE classroom is urgently required in Kandutura to serve over 200 children who are currently in need	2	
		Participants expressed their gratitude for the Ksh 2,930,000 that has been allocated towards constructing an ECDE classroom, ablution block and providing playing equipment at Kahari	3	
		Local stadium in Rumuruti town needs upgrading in order to offer a favourable training environment for athletes	4	
		The local library in Rumuruti town has capacity for expansion in order to host more attendants and to offer much more modern library services	5	
Agriculture, Livestock and Fisheries		A cereal depot is urgently required in Rumuruti	1	Promote high value production through irrigation technologies,

		Desilting of Karuaho Dam	2	value addition among other techniques
		Desilting of Aiyam Area Dam	3	
		Participants were grateful for the Ksh 200,000 set aside for value addition at Rumuruti Livestock Market through piping of water at the sale yard	4	
		The Rumuruti slaughterhouse requires renovation	5	
Water, Environment, Natural Resources and Climate Change		Survey demarcation and fencing of the Old cemetery Area near the general hospital is urgently required	1	Conserve the environment while meeting the water needs of the residents as well as protecting locally found natural resources
		Residents are in dire need of public recreational areas within the town	2	
		There is need for the Kandutura cemetery to be fenced	3	
		Public fields in Kandutura require clearing and proper maintenance	4	
		Solar light stands without batteries are more favourable than those with batteries to curb stealing of the batteries	5	
Finance, Economic Planning and County Development		The participants expressed their gratitude for participating in the planning of the draft budget estimates for financial year 2024/2025	1	Ensure proper economic planning before executing county projects
Medical Services and Public Health		Participants were very grateful for the renovations and extension works that were recently carried out at the Rumuruti Sub-county Hospital	1	Provide world-class medical services to ensure the best quality of life for Rumuruti residents
		They also congratulated the County Government for the construction of a much-needed ablution block at the hospital	2	
		Timely delivery should be done to the hospital pharmacy to avoid shortages of necessary medication	3	

		Adequate staffing should be done at the hospital to ensure that every patient receives proper care	4	
		Remuneration to the hospital staff should not be delayed	5	
	Trade, Tourism and Enterprise Development	Construction of a shed at the Rumuruti Livestock Market to shelter customers during rain	1	Promote local tourism while empowering local entrepreneurial ventures
		Construction of more shoe shiner sheds within the town	2	
		Construction of a boda boda shed near the Rumuruti Sub-county Hospital	3	
		Construction of more boda boda sheds within the town due to an increase in the number of boda boda riders	4	
		Chainlink fencing required at Kandutura market	5	
Lorian-Ainapmoi Centre	County Coordination, Administration, ICT and Public Service	The participants expressed their gratitude for their tight security within their sub-location, especially in Ainapmoi.	1	The county government should keep up the good administration within Lorian.
	Medical Services and Public Health	The local dispensary is in urgent need of adequate staffing	1	Residents should not have to travel far and wide to seek medical assistance.
		Timely and reliable supply of medication should be done at the pharmacy in the local dispensary	2	
	Infrastructure, Lands, Public Works and Urban Development	Installation of solar street lights in Ainapmoi Centre	1	Lorian should not be left out on urban development plans and projects in Rumuruti ward.
		Grading, gravelling and culvert installation works on Emgwen – Ainapmoi Road	2	
		Grading and gravelling on Credible – Kapkures Road	3	
		Grading, gravelling and culvert installation on Junction – Samoei Primary School Road	4	

		Grading, gravelling and culvert installation on Rumuruti – Ainapmoi Road	5	
	Agriculture, Livestock and Fisheries	Desilting of Kapkures Dam	1	Water harvesting should be conveniently done in Lorian
	Water, Environment, Natural Resources and Climate Change	Residents were grateful for the Ksh 3,500,000 set aside in the 2024/2025 budget for equipping and solarization of Kapkures borehole	1	Measures should be taken locally to conserve the environment while utilizing and protecting natural resources
		They however pointed out that the equipping and solarization should instead be done on the abandoned Ainapmoi borehole since there is actually no borehole in Kapkures	2	
Mutamaiyo	County Coordination, Administration, ICT and Public Service	The participants expressed their gratitude for the tight security within their sub-location.	1	The county government should keep up the good administration within Mutamaiyo.
	Water, Environment, Natural Resources and Climate Change	Completion of the previously undertaken Mutamaiyo water project which involved supply and delivery of pipes and fittings for extension	1	Necessary water harvesting measures should be taken to mitigate seasonal water shortage in Mutamaiyo
		Equipping of Mutamaiyo Primary School Borehole	2	
		Equipping of Majimengi Borehole	3	
	Trade, Tourism, Cooperatives and Enterprise Development	Construction of market stalls in Mutamaiyo Centre	1	Promote entrepreneurship in Mutamaiyo
		Construction of a permanent shed at the assistant chief's compound	2	
	Infrastructure, Lands, Public Works and Urban Development	Installation of solar street lights in Tobong Area	1	Mutamaiyo should not be left out on urban development plans and projects in Rumuruti ward.
Grading, gravelling and culvert installation works on Tobong Centre – Karani Area Road		2		

		Grading and gravelling on Gideon's Road	3	
		Grading, gravelling and culvert installation on Mutamaiyo Primary – Mutamaiyo Boda Boda Shed Road	4	
	Education, Youth, Gender, Sports and Social Services	Construction of an ECDE classroom at Loporos Area	1	Promote effective early childhood development in Mutamaiyo
Ndurumo	County Coordination, Administration, ICT and Public Service	The participants were disappointed that poor sensitization was done on the public participation meeting on draft budget estimates.	1	Timely communication should be done to Ndurumo residents concerning County Government meetings
	Infrastructure, Lands, Public Works and Urban Development	There was a unanimous outcry from the participants on the poor state of seasonal roads in Ndurumo Sub-location	1	
		Incomplete roads in Ndurumo are a setup for livestock theft, especially in the night time	2	
		Completion of Kagaa – Mwireri Road	3	
		Completion of Ndurumo – Mbomboini Ap Post Road	4	
	Water, Environment, Natural Resources and Climate Change	Ablution block in Ndurumo Centre is in urgent need of maintenance	1	Promote sanitation in Ndurumo Sub-location
		Equipping and solarization of Kirima Borehole	2	
	Agriculture, Livestock and Fisheries	Desilting of Ndurumo Dam	1	Boost water harvesting in Ndurumo and apply modern irrigation technologies
		Residents sought the County government to welcome donors to complete pending projects	2	
	Education, Youth, Gender, Sports and Social Services	Construction of an ECDE classroom at Kirinding'ai Area	1	Promote effective early childhood development in Ndurumo

MARMANET WARD

Village /Location	Department	Project Description	Project Rank	Remarks/Adressed Need
Marmanet	Agriculture,Livestock & Fisheries	Desilting of dams – ; 1. kwa -buruna dam 2. Kaminjui dam 3. Ken dam 4. King’uka dam	1	Solve water shortage and address food insecurity
		Provision of dam liners	2	
		Provision of subsidized AI services	3	
		Provision of high value fruits and inputs(seeds and agrochemicals)	4	
		Provision of dairy goats and poultry farming	5	
	Education	Erect a notice board at the marmanet social hall	1	Efficient communication to the mwananchi
		Fencing of the ol jabet play ground	2	
		Construct a toilet at the oljabet play ground	3	
	Trade	Provision of a floodlight at oljabet town	1	Curb insecurity issues Improve the quality of business within the oljabet centre
		Provision of a drainage system at the ol jabet fresh produce market	2	
		Provision of lighting at the oljabet fresh produce market	3	
		Fencing of the oljabet market	4	
		Upgrade the oljabet market toilets	5	
		Erect a water harvesting facility at the oljabet fresh produce market	6	
		Extend the roofing system at ol jabet fresh produce market	7	
	Health	Equip the oljabet health centre with medicines	1	Improve provision of public health
		Provision of a generator at the oljabet health centre	2	
	Roads,Infrastructure And Public Works	Grading, gravelling of the following roads 1. Imela – kwa mubea rd 2. Ol jabet – kwa ndegwa rd 3. Kinguka – kang’a munene rd 4. Ol jabet – kundarilla rd	1	Improve transport and ease movement of goods and services
		Calvert installation and completion of tarmac roads within oljabet town	2	

Muhotetu	Agriculture,Livestock And Fisheries	Rehabilitation, fencing, and dam construction along kiambogo river/mastoi water project	1	Curb food insecurities and creation of employment		
		Introduce fish farming at Green dam	2			
		Drilling borehole at chereta(chege rd) for livestock and crop production and fish keeping	3			
		Provision of subsidized fertilizer to the farmers	4			
		Provision of subsidised AI services to the farmers	5			
		Provision of dam liners who already have dams	6			
	Roads, Infrastructure And Public Works	Grading , gravelling and Calvert installation of the following roads; 1. Antony – njoguini rd 2. Kabea -wagituro rd 3. Chereta secondary dam-munyu rd 4. Memorandum Received

Written memorandum was received from Laikipia County Civil Society Forum (LACCSOF)

Laikipia County Civil Society Forum (LACCSOF)

To

To The County Treasury

County Government of Laikipia

22nd April 2024

RE: LACCSOF joint Memoranda for the Draft Laikipia County 2024/2025 Fiscal Budget

Laikipia County Civil Society Forum (LACCSOF) is a membership forum of a network of Public Benefit Organizations (PBOs) that are based and working in Laikipia County with the objective of creating synergies for effective delivery of their respective mandates, promoting

constitutionalism, creating awareness on civilian oversight, promoting public participation and contributing positively to the development of the county.

We also within ourselves have a network across the county that share ideas and experiences as well as learn from each other in pursuit of each organization individual and shared objectives. This memorandum is merged with the Memoranda developed by the undersigned youths from Laikipia CSO Network, CEDGG, Pathways Policy Institute, Mashinani Youth Network, United Disabled Persons of Laikipia, Institute for Care, Empowerment and Support, Drawing Dreams initiative, Sauti Yangu, and Activista.

As CSOs in Laikipia, together with young people who are committed to supporting the county government of Laikipia to achieve its wider vision of making Laikipia the Greatest County with the Best Quality of Life, we would like to applaud the county government's efforts to spearhead the identification of key pressing needs for the people of Laikipia and work towards enabling every household in the county to lead a prosperous life.

Following the County Government of Laikipia; Department of Finance, Planning and Economic Development call for submission of memoranda on the 2024/2025 Fiscal Budget: We hereby submit our proposals and input to the County Budget estimates 2024-2025 in line with Section 125 (2) of the PFM Act No 18 of 2012.

1. County Administration and Public Service

As an active CSO formation, LACCSOF would like to query the Kshs 500,000 allocated for County CSOs Forum Services under Public Participation and Stakeholders Fora. There has been an allocation in FY2023/24 but LACCSOF is not privy to any CSO engagement with Conty Government of Laikipia within the 2 years. Further, The draft budget for FY2024/25 has Kshs 417,000.

LACCSOF would also like to query Kshs 700,000 allocated for conducting Citizen Score Card Reports. There has been no citizen Scorecard Report publicized for FY2022/23 yet there was an allocation that was also repeated in FY2023/24 and still occurs in the FY2024/25 draft.

There is also the Citizen Annual Engagement Forum under Public Participation and Stakeholders For a with an allocation of Kshs 792,000 in the FY2024/25 draft budget. Over the years, there has not been such fora besides the budget cycle fora.

2. Finance, Economic Planning and County Development

Under the Department of Finance, Economic Planning and Development, LACCSOF would like to query the allocation under Budget Management Services. In the FY2023/24 County Government of Laikipia allocated Kshs 3,000,000 for Budget Unit Operations and Kshs 4,000,000 for Public Participation for CFSP/PBB. In the draft budget for FY2024/25 there is an allocation of Kshs 3,644,412 and Kshs 240,000 for Public Participation for PBB/CFSP. Why the discrepancy: From Kshs 4,000,000 down to Kshs 240,000? Is the County Government deliberately planning to not conduct Public Participation in the FY2024/25?

3. Health and Sanitation

Under the Department of Health and Sanitation, the FY2023/24 budget had an allocation of Kshs 30,181,720 for Health Infrastructure Development which included construction of 5 new Dispensaries and Establishment of 2 Centres of Excellence. The Draft FY2024/25 budget has an allocation of 48,400,000 for 5 new dispensaries and 1 centre of excellence. LACCSOF suggests that it would be more prudent to equip and staff the already existing ones instead of embarking with construction that will only end up as empty unstaffed and unequipped shells.

Under Health Leadership and Governance the Kshs 500,000 allocated for Meeting the Action Plan requirements for national priority programs (RMNCAH, Nutrition, Community Health, NCDs, Health Promotion and Climate Change adaptation) be increased to Kshs 1,000,000.

Under the Public Health and sanitation; the allocation for Family Planning, Maternal and Child Health Services is Kshs 2,200,000 which considering the population growth, the demand for these services and need to address them is growing exponentially. We recommend adding this allocation to atleast Kshs 4,000,000 to ensure these services are available to all Laikipians.

4. Agriculture, Livestock and Fisheries

Under Land and Crop Productivity Management, County Government of Laikipia ought to progressively invest more on this if we are to attain food security in the County. The reduction of Procurement of drought recovery seeds from Kshs 1,000,000 in FY2023/24 to Kshs 850,000 in the draft budget FY2024/25 is an indicator of diverting from prioritizing food security in Laikipia. This is also observed in the reduction of Procurement of Assorted High value fruit seedlings from Kshs 1,000,000 to Kshs 850,000. County Government of Laikipia should deliberately invest in staffing the Agricultural Extension Officers who are already understaffed (or not working) as well as drought resistant crops, pasture and breeding drought resistant livestock.

5. Water and Sanitation

Under Water and Sanitation there is The Locally led Climate change adaptation and mitigation program under which there is an allocation of Kshs 15,000,000 for Desilting Dams for Irrigation. We are of the opinion that this amount should be reallocated to cater for Water harvesting and storage facilities (Gutters and Tanks) in Health facilities across the county. This is because there is already an allocation of Kshs 32,250,000 Under Agriculture. Livestock and Fisheries that is allocated for Desilting 15 dams across the 15 wards.

Recommendations

Out of the above highlighted observations, LACCSOF recommends the following:

1. That The allocation for CSO Forum Services be scrapped.
2. That there be an allocation of atleast Kshs 4,000,000 for Civic Education for the Directorate of Public Participation to carry out civic education in the county especially on County Planning and Budgeting Cycle.
3. That funds allocated for Citizen Scorecard be allocated to an independent or non state actor to conduct the scorecard since government technically cannot score itself.
4. That the Kshs 240,000 for Public Participation for PBB/CFSP under Department of Finance, Economic Planning and Development be increased to atleast Kshs 4,000,000 to enable the department carry out public participation effectively.
5. That County Government of Laikipia halts construction of new health facility and scrap Kshs 40,400,000 allocated for construction of new facilities and concentrate on equipping and staffing the existing facilities until they are upto standard and effectively serving Laikipians and only then it shall be prudent to explore into new constructions.
6. That the allocation for Family Planning, Maternal and Child Health Services which is Kshs 2,200,000 be increased to atleast Kshs 4,000,000 to effectively serve the growing population that demands these services.
7. That the Kshs 500,000 allocated for Meeting the Action Plan requirements for national priority programs (RMNCAH, Nutrition, Community Health, NCDs, Health Promotion and Climate Change adaptation) be increased to Kshs 1,000,000.
8. That the of Procurement of drought recovery seeds and Procurement of Assorted High value fruit seedlings be doubled to enable the county make a step towards achieving sustainable food security.

9. That the Locally led Climate change adaptation and mitigation program under which there is an allocation of Kshs 15,000,000 for Desilting Dams for Irrigation be scrapped since there is an allocation of Kshs 32,250,000 for desilting Dams under Agriculture, livestock and Fisheries.
10. That the Kshs 15,000,000 allocated in The Locally led Climate change adaptation and mitigation program be channelled towards water harvesting and storage systems (Gutters and Tanks) in all health facilities in the County.
11. That the Department of Finance, Economic Planning and Development provides LACCSOF with a response to the issues queried in this memoranda as well as a detailed public participation report at the end of the current Laikipia County public participation fora for the draft FY2024/25 fiscal budget.

And that's all we shall pray.

The undersigned for and on behalf of Laikipia County CSO Forum (LACCSOF)

COUNTY GOVERNMENT OF LAIKIPIA
DEPARTMENT OF FINANCE, PLANNING AND
ECONOMIC DEVELOPMENT
P. O BOX 1271- 10400 NANYUKI
ADVERT

Pursuant to the provisions of The Constitution of Kenya, 2010, The Public Financial Management Act, 2012 and the Laikipia County Public Participation Act, 2014, The County Government of Laikipia hereby notifies members of the public, Civil Society Organizations, Faith Based Organizations, Professional Groups, interested persons and stakeholders of the upcoming public participation fora on the annual Budget Estimates for FY 2024/25.

Citizens and stakeholders are encouraged to attend or forward their written submissions to the following emails: countytreasury@laikipia.go.ke or publicparticipation@laikipia.go.ke by **26th April 2024**.
